**ANN ARBOR STRUCTURE.** This four-level parking garage in Ann Arbor, Mich., is one of five tiered structures erected to help overcome auto problems in the central business district. The five garages offer a total of 1,880 off-street parking spots. The photo was provided by Don Eckert, city planning coordinator.

**FINDLAY PARKING** centers in and around this five-level concrete structure completed about six years ago at a cost of \$400,000. A street-level lot is in the foreground. Although it lacks full acceptance by the public, officials claim the elevated structure has yielded a \$20,000 profit in the last five years.

## Planner Reviews Recent Trip

## Council Receives Report On Multi-Level Parking

Tiered parking garages are a good investment for a city's central business district, provided the structures are intelligently planned, well-constructed and managed in a businesslike manner.

That's a capsule summary of a report Planning Coordinator Don Eckert presented to Council this morning after personal visits to Ann Arbor, Mich., Findlay and Canton in which he examined the facilities, obtained financial data and talked with municipal officials.

Eckert made his investigation after the city administration and Council began an investigation to determine the feasibility of building several concrete decks atop the Ceramic Parking Lot, considering the plan the best method of adding parking spaces in a heavily-used area without the necessity of buying and razing more business property.

**ECKERT TOLD** Council his research indicates that the tiered garages "are not only a necessity, but an economical measure in the use of land and the future development of the city."

He conceded that the structures are inherently more expensive than street-level parking, but pointed out "they prevent congestion and allow a great deal more versatility in arranging parking plans."

Proper design and intelligent maintenance and management are the three main keys to success of such operations, he emphasized.

At Ann Arbor, Eckert found that the city has five tiered garages, 12 off-street lots and 1,200 curb meters. The city, with a 1960 population of 67,000, has a total of 3,918 auto spaces in the central business district. The

report, issued Friday by Mayor Richard J. Daley, runs to 76 pages and concludes that the ultimate goal of demonstration leaders "was to topple what they consider to be the corrupt institutions of our society."

The immediate object, the report said, was to disrupt the city and last week's convention.

Sidney Lens, co-chairman of the National Mobilization Committee to End the War in Vietnam, said "the mayor's estimate of our strategy is as faulty as his sense of democratic values."

"The one thing we wanted to avoid most," Lens said, "was to do anything that would help Johnson or Humphrey to be elected, such as disrupting the convention."

Chicago (AP) — A city report on demonstrations during the Democratic National Convention says revolutionaries intentionally sought hostile confrontations with police. It also says that similar disturbances are in store for other cities throughout the nation.

The report, issued Friday by Mayor Richard J. Daley, runs to 76 pages and concludes that the ultimate goal of demonstration leaders "was to topple what they consider to be the corrupt institutions of our society."

"The one thing we wanted to avoid most," Lens said, "was to do anything that would help Johnson or Humphrey to be elected, such as disrupting the convention."

The report amounts to a verbal presentation of what Daley had hoped to accomplish over nationwide television.

Increasing cloudiness and warmer weather is forecast for Sunday.

Those who like the outdoors will have a chance to get in another fling over the weekend. The weatherman says it will be fair and cool tonight, with the low in the upper 40s or low 50s.

parking lots provide 840 spaces and the tiered garages, called "carports," have 1,880 spaces.

In July, the revenue from all the facilities hit \$64,921. The lots yielded \$17,108, the carports brought in \$29,862 and the street meters produced \$17,949.

Despite the pessimism on the part of Democratic Leader Mike Mansfield and Republican leader Everett M. Dirksen, who met with the President before the news conference, a member of the Senate Foreign Relations committee said he will press for action next week.

His comment came after Senate leaders reported chances for ratification this year were not helped by the Czech invasion or reported Russian threats to Romania.

## LBJ Eyeing Arms Talks With Russia

**Concerned About Crisis In Europe; Wants Treaty Okay**

WASHINGTON (AP) — Although concerned about the situation in East Europe, President Johnson says he hopes for approval of the nuclear nonproliferation treaty and is keeping the door open to possible arms talks with Russia.

But, the President acknowledged Friday, the Soviet-led invasion of Czechoslovakia has clouded prospects for beginning talks on curbing the missile race. The Russians agreed to the talks before the invasion.

"I see none in the offing," he said of the chances for a meeting before he leaves office in January.

The prospects for peace abroad and success at home in such things as cutting federal spending and getting his nomination of Abe Fortas as Supreme Court chief justice through the Senate dominated an impromptu news conference in the White Cabinet Room.

The President also touched on politics. He said he hoped to see the Democratic ticket win in November. But he added that he still had "no desires or plans or hope to enter into any personal partisan political activities."

On the nonproliferation treaty, Johnson said, "We continue to believe that the treaty is very much in the interest of the United States despite the recent developments" in East Europe.

His comment came after Senate leaders reported chances for ratification this year were not helped by the Czech invasion or reported Russian threats to Romania.

## Club Dismantles Clock

## 'Time On Their Hands' School

Kiwanis Club members and two assistants removed all four faces of the Central School Clock Friday night for storing until a new location can be found for the 73-year-old timepiece.

Shown at work on the north face are Rowland Kaufman, right, chairman of the club committee; Roy Cooper, bot-

tom, Kiwanian, and Ken Persohn, top, and Bill Persohn, left, who are aiding the club. The crew, which included Jack Hales, Richard Bosh, Ed Maloney, Harvey Brandt and Tait Hilbert, dismantled the glass faces, numerals, hands and drive shafts and lowered them to the ground.

The club also will remove the bell and the clock mechanism in the project. The Central School, abandoned with construction of the new high school which opens Monday, has been purchased by the International Brotherhood of Operative Pottery and is for an apartment project.

## GIs Advised To Stay Off Streets

## Fears Raised In Saigon Of New Terrorism Wave

SAIGON (AP) — Seven terrorist attacks in Saigon within 24 hours raised fears today that the enemy command is beginning a new wave of terrorism.

American servicemen were advised to stay off the streets during the night and to carry their weapons with them at all times. But U.S. officers said they did not foresee an imminent attack on Saigon.

Police said the terrorists were trying to frighten their victims into turning against the South Vietnamese government.

Intelligence reports have said

that a terror campaign would be a prelude to and a key part of any major attack on Saigon, which presumably remains the ultimate goal of any third offensive by the enemy.

In the most serious of the new incidents, a bomb exploded in an unoccupied office in Cholon, the Chinese section of Saigon, injuring a woman and two schoolchildren in a schoolyard next door.

Damage to the building was light.

The office belonged to the As-

sociation of Chinese Regional Administrative Groups, a group of Vietnamese civic leaders of Chinese origin which backs and is supported by the government.

Also on Friday night, a Vietnamese ward chief was shot and critically wounded in the dock area of Saigon by a woman about 20, police said. She escaped.

Police said a power transformer station was slightly damaged Friday afternoon when a bomb exploded next to it.

## U.S. Makes Concessions, Paper Says

**'Important Reports' Scheduled Sunday By North Koreans**

SEOUL (AP) — A South Korean newspaper said today U.S. and North Korean negotiators are likely to settle the Pueblo case by Monday, and the North Koreans announced they will have "important reports" Sunday.

Quoting unidentified sources, the newspaper Chosun Ilbo said the negotiators met Aug. 29 and discussed a draft letter of the apology the North Koreans have demanded from the United States.

The North Koreans claim the U.S. intelligence-gathering ship Pueblo was intruding in their territorial waters when they seized it Jan. 23. They have demanded an apology as a condition for release of the 82 crewmen.

Chosun Ilbo said the U.S. side made some concessions at the last meeting but also suggested amendments to the draft proposed by the North Koreans. It said another meeting is scheduled at the truce village of Panmunjom, at which the North Koreans are expected to react.

The North Koreans' official news agency did not say what the special reports Sunday would concern. Sunday is the 20th anniversary of the establishment of the North Korean Peoples Republic. There has been speculation this might be the date for a break in the Pueblo case.

## City Students Are Asked To Bring Lunch

Students at all East Liverpool schools except Westgate are asked to bring their lunch when classes open Monday.

Supt. Paul Blair pointed out today that all cafeteria equipment has not arrived and that lunches will have to be carried until the cafeterias are ready to open. There will be a closed lunch period. Milk will be provided, Blair said, at a cost of 4 cents.

Blair also announced that the board of education meeting scheduled for Monday night will not be held. The board will meet in regular session on Sept. 16.

Meanwhile, Dr. John G. Gard, psychologist at the Columbiana County Mental Health Clinic in Lisbon, said today he plans to contact Rep. Clarence L. Wetzel relative to a change in the law governing school bus transportation.

Gard said he feels that something must be done to "find an exception to the law or to change the law" governing children who live within the one-mile limit. Gard said he feels both the school board and the parents "are victims of the law."

"If the law will not allow a school bus to pick up the children, even if parents are willing to pay, it is wrong," he commented.

Gard pointed out that he is not opposed to children walking as such, but he is opposed to their walking on heavily-traveled and dangerous highways.

## Revolt Threatened If Chandler's Picked

LEXINGTON, Ky. (AP) — A leader of George C. Wallace's Kentucky organization has threatened revolt if former Gov. A.B. Chandler is picked as Wallace's running mate.

"They've told me Chandler will be nominated. I know he's going to be," Pete Brown, a Lexington real estate man, said Friday night.

## Examination Due In Probation Bid

LISBON — Dennis Wayne Alford, 18, of the Smiths Ferry-Fredericktown Rd., will be taken to Lima State Hospital for an examination and report before Judge Joel H. Sharp of Common Pleas Court rules on his request for probation.

The judge issued the order Friday and continued the probation hearing.

Apprehended in April by Midland police, the youth was bound over to the Columbiana County grand jury April 23 from County Southwest Court for the March 28 theft of a car owned by Charles Gilkinson of Westfield Rd., East Liverpool.

Alford has been in jail since his arrest. He went before Judge Sharp May 24, waived his right to have the grand jury investigate the charge against him, pleaded guilty and asked for probation. Judge Sharp ordered an investigation and report and directed that the youth be taken to the County Mental Health Clinic for an examination and report on his mental condition.

## Burglary Frustrated At Maplewood Store

Keith Sevy of Maple Dr., operator of Sevy's Pharmacy at 2241 St. Clair Ave. in Maplewood, told police a would-be burglar was frustrated in an attempt to break into his store.

The intruder attempted to force the front door, but only broke the handle, and tried to pry open the rear door, loosening the facing, Sevy said. An unsuccessful attempt also was made to force open an ice vending machine outside the store, he said.

The police report, filed Friday, said the entry attempt occurred Wednesday night or Thursday morning. Sevy said the intruder may have used a metal bar which was stolen in a burglary the same night at a service station across the street.

## Hearings Continued

LISBON — Hearings for two Minerva youths charged with assault and battery Aug. 17 on Walter Ziegler of Hanoverton RD 1 were continued Friday in Columbiana County Southwest Court until next Friday. The defendants are Edward Romano and Joseph H. Grogg, both 18.

Ontario produces about 50 per cent of Canada's manufactured goods.

## Industry Area Events

### Mrs Pat Nuzzo 643-4508

Programs for the year were outlined when the executive board of the Ray Snyder Parent-Teacher Association met Thursday afternoon at the home of Mrs. Robert Loncar in Industry.

Mrs. George Mastrovich, program chairman, announced the programs as follows: September — Tony Palombo, Western Beaver High School teacher, will present the topic "Indian Children at Home and School;" October — a meeting in the new section of the high school, with a tour conducted by the science teacher, George Mastrovich; December — the annual combined meeting at Fairview School in Ohioville; February — to be announced; March — "Sex Education" by Dr. John Colavincenzo; April — the annual sixth - grade spelling bee and coverdish dinner; May — Peter Spadero, instrumental director, will present the elementary band concert.

Mrs. Sam McKinney, president, conducted business and named Mrs. Reed Dawson to head a new hospitality committee to be in charge of hosting PTA meetings for the year. Any interested mother may contact Mrs. Dawson.

Homeroom parties were discussed and a meeting for homeroom mothers will be held, the time and place to be announced.

It was decided to provide orange drink through PTA funds for children's parties at Christmas, Halloween and Valentine's Day.

### Examination Due In Probation Bid

LISBON — Dennis Wayne Alford, 18, of the Smiths Ferry-Fredricktown Rd., will be taken to Lima State Hospital for an examination and report before Judge Joel H. Sharp of Common Pleas Court rules on his request for probation.

The judge issued the order Friday and continued the probation hearing.

Apprehended in April by Midland police, the youth was bound over to the Columbiana County grand jury April 23 from County Southwest Court for the March 28 theft of a car owned by Charles Gilkinson of Westfield Rd., East Liverpool.

Alford has been in jail since his arrest. He went before Judge Sharp May 24, waived his right to have the grand jury investigate the charge against him, pleaded guilty and asked for probation. Judge Sharp ordered an investigation and report and directed that the youth be taken to the County Mental Health Clinic for an examination and report on his mental condition.

### Burglary Frustrated At Maplewood Store

Keith Sevy of Maple Dr., operator of Sevy's Pharmacy at 2241 St. Clair Ave. in Maplewood, told police a would-be burglar was frustrated in an attempt to break into his store.

The intruder attempted to force the front door, but only broke the handle, and tried to pry open the rear door, loosening the facing, Sevy said. An unsuccessful attempt also was made to force open an ice vending machine outside the store, he said.

The police report, filed Friday, said the entry attempt occurred Wednesday night or Thursday morning. Sevy said the intruder may have used a metal bar which was stolen in a burglary the same night at a service station across the street.

Ralph Icenhour of Beechwood fell, striking his head on a step and lacerating his scalp.

### Man Is Hospitalized After Being Beaten

Victor Elliott, 25, of 820 Mulberry St. was hospitalized early this morning for injuries suffered in an incident at 3rd and Union Sts.

Patrolman David Huffman said he found Elliott lying in the street. He was treated for a possible fractured jaw and lacerations.

Police said five or six youths apparently beat up Elliott with a tire iron.

Mrs. Elliott, 21, was struck in the chest. She was treated and released. Police still are investigating the case.

# Council Receives Report On Multi-Level Parking

(Continued from Page 1)

keeps the permit rate comparatively high to produce an adequate amount of space for transient parkers.

Each garage in Ann Arbor seems to have flaws resulting from oversights in planning. Eckert commented. For instance, he found 10-foot exit ramps too narrow for proper maneuvering of a car. He found some of the decks need drainage, as water tends to freeze on the surfaces in winter, causing hazardous footing for pedestrians.

The first garage the city erected now has two floors of so-called permit parking and two floors in which autos are regulated by attendants. The rate is 15 cents for the first hour and 10 cents thereafter, or 75 cents for all-day parking.

When the attendant goes off duty around 11 p.m., he places envelopes on the windshields of the remaining cars, asking the motorists to pay on the "honor" system. The city finds that it is losing about \$15 a day in fees because some drivers ignore the envelopes.

A TIERED garage near the city's main hotel provides 247 spaces. The hotel paid \$245,000 toward the cost of the garage in return for having 74 spaces set aside permanently for the use of its patrons.

The city's so-called Maynard carport, with spaces for 430 cars, is due for a large addition in a unique plan the city worked out with its largest department store. Four tiers of new garage space will be built over the city street, and two tiers will extend over an addition to the department store. The store's management signed over the so-called "sky rights" to the city, which means there will be no outlay for real estate for the addition. The city also will make the garage more attractive to patrons by painting the walls, columns and ceilings.

Eckert said the plan to erect parking facilities above the street and atop the department store addition was one of the most imaginative concepts he encountered in his investigation.

SOME CITIES have parking garages in which the first floor

levels are occupied by business places, paying rentals, and the upper stories are set aside for car space.

Some also provide office spaces or apartments on the top floors of the tiered structures. But the Ann Arbor officials told Eckert they had not undertaken such structures because it appears to be legally impossible under Michigan law.

Ann Arbor finances its parking operations with mortgage revenue bonds. The bonds, in turn, are amortized by the receipts from the garages, lots and street meters.

A summary showed Ann Arbor's facilities handled 85,041 autos during July, and revenue for the month was \$13,500 from the similar month of 1967.

Eckert's investigation also covered a controversial parking garage at Findlay, erected in 1962-63 at a cost of approximately \$400,000.

Prior data had been reported on the Findlay operation, which covers five tiers, but Eckert came away with one significant new fact — the garage has shown a profit of \$20,000 in five years of operation.

Eckert found the concrete structure has 32 metered spots on the ground floor and 250 more spaces supervised by attendants. The city hires students and "senior citizens" as attendants at rates ranging from \$1.50 to \$1.70 hourly.

FINDLAY officials asserted that the city "did not get a good construction job" on the structure, citing particularly water drainage problems. They said a snowplow used in winter-time breaks a waterproof seal on the roof. A new sealing coat recently cost the city \$18,000.

Findlay officials said the garage now is used to about 50 per cent capacity. Eckert found the garage a half block behind a four-story business building, surrounded by alleys and other structures which are dingy by day and ill-lighted at night. The area and the buildings have a generally unkempt appearance that discourages motorists, particularly women, from using the garage, he commented. He found the garage itself "dark and poorly maintained."

The city charges 10 cents per hour for parking. Permit parking is \$2 a week, \$8 a month or \$100 a year. About half the parkers are using the monthly permits. The city's investment represents \$1,410 per car space. The city also has five off-street lots with 171 spaces in all and 500 on-street meters. A financial summary showed Findlay's parking meter revenue has ranged from \$73,000 to \$82,000 a year since 1963. The figure includes the revenue from the garage as well as the lots and the curb meters, fines assessed violators and miscellaneous income. Receipts in the first seven months of 1968 hit \$47,274.

A REPORT on expenditures shows one of the biggest yearly items is "debt service"—bond retirement. That item cost \$30,000 in 1967 and will cost the same in 1968. It was \$15,000 in 1966, \$37,670 in 1965, \$41,850 in 1964, \$33,405 in 1963 and \$38,362 in 1962.

In 1967, the major expense items in the garage operation were: Employees, \$5,190; building repair, \$387; utilities, \$1,789; supplies, \$488; insurance, \$1,360; and taxes, \$2,528.

Eckert said he is convinced better maintenance, interior painting and greatly improved lighting inside and outside the facility would go a long

way toward increasing patronage.

At Canton, he inspected a 500-space parking garage leased to National Garages, Inc., which also houses business places on the ground level and offices on the top floor. Most parking is transient at 15 cents per half hour or \$1.25 for all day.

Some permit parking is allowed, but the rate is \$18 a month — high enough to keep open as many transient spaces as possible. The garage usually is filled to 80 to 90 per cent of its capacity and must turn away parkers when downtown business is unusually brisk. One level of parking is underground, but the operator said such space is more expensive than in an elevated structure or one built to grade.

ECKERT FOUND the privately-owned structure "clean and neat," equipped with an elevator and stairs for patrons. He found a drawback in a spiral ramp drivers must use to leave the building. The ramp, descending through the very center of the building, does not have sufficient clearance for easy driving and women particularly are afraid of tackling it, he said.

Eckert cited some do's and don'ts he learned on his trip.

Parking should not be concentrated in one area of the business district, but spread around to serve all sections of the downtown; construction should be supervised carefully; turns, ramps and maneuvering areas should be adequate.

Garage entrances and ceilings should not be unduly low, as such features give an unsightly appearance; interiors should be brightly lighted and kept clean and painted in light colors; motorists must be educated to use the elevated structures; designs should allow for future additions — when need is proved — rather than providing initially for more spaces than will be used frequently.

He cited particularly the advantages of constructing parking garages in connection with rent-producing, attractive store-fronts. Constructing spaces atop new or existing buildings by obtaining "sky rights" eliminates the need for the city to buy expensive real estate, he added.

## Sutherland Bid To Be Assisted By Youth Group

LISBON — Gail Binsley of Hanover RD 1 was elected temporary president of the Columbiana County Youth for Sutherland Thursday night at Republican headquarters here.

Jim Roberts of Summitville, a 1968 graduate of Miami University at Oxford, brought the young people together to campaign for Dr. James Sutherland, Martins Ferry physician and candidate for Congress from the 18th District. He is opposing Rep. Wayne L. Hays.

Other temporary officers are Richard Crawford of Millport, vice president; Eileen Elliott of Rogers, campaign chairman, and Renee Wright of Summitville, secretary.

Binsley said the group plans to have contacts in all communities to distribute literature and put up signs. "Youth for Sutherland" will undertake door-to-door canvassing the latter part of October, he said.

Miss Elliott led a discussion of plans to outfit "Sutherland Girls" to accompany the doctor on his visits to the county.

Patrick Costigan of Summitville, a senior at Kent State University, gave the young people encouragement by emphasizing the importance of youth groups. "Young people are the most enthusiastic campaigners and, if organized properly, can make the difference in a campaign," he said.

Roberts will report to San Diego in a few weeks for three years in the Navy. An ensign, he has been assigned to sea duty on a destroyer.

# Woman Hurt In Accident

A 23-year-old Aliquippa woman is in "fair" condition at City Hospital with injuries received in one of two accidents on Route 30 east of Chester late last night and early this morning.

Dianne Riley suffered lacerations of both knees, the right elbow and contusions and abrasions of the forehead and face.

She was a passenger in a car driven by Arthur Connor, 38, of Monaca which collided with an auto driven by Howard Powell, 24, of 418 1/2 Broadway, Wells-ville, Friday at 11:48 p.m.

Connor was treated for lacerations of the forehead and right knee and Powell for lacerations of the chin.

The Hancock County sheriff's office said Powell reported he was making a left turn into a service station and did not see the Connor vehicle. Powell was charged with driving left of center.

A 55-year-old Cleveland man escaped injury in an accident on Taylor's Bend today at 12:43 a.m.

William King told deputies he "blacked out" as he was traveling east on Route 30 and his auto crossed over the roadway and struck the guardrail and sign post. He was aroused from his car by a resident of the area. King was charged with failure to have his vehicle under control.

## 107,000 Vets Due Boost In Disability Benefits In Ohio

M. L. Halloran, manager of the Cleveland Regional Office of the Veterans Administration, said today that the recently enacted legislation which will raise compensation rates for veterans with service-connected disabilities effective Jan. 1, 1969, will mean increases for nearly 107,000 Ohio veterans.

The legislation was signed by President Johnson Aug. 19 provides for increases in basic disability compensation for veterans only, but not on statutory awards or additional compensation for dependents.

Disability compensation for wartime service-connected disability rated totally disabling will be increased from \$300 to \$400 monthly. Other rates of disability compensation will be increased 8 per cent rounded to the nearest dollar. Comparable increases will also be made in peacetime rates.

The increases will be made automatically with no action by the veteran required, Halloran explained. First checks reflecting the increased benefits will be due Feb. 1, 1969.

## 38 Are Arrested In Lima Rioting After Grid Game

LIMA, Ohio (AP) — A post football game rampage through downtown Lima resulted in the arrest of 38 juveniles Friday night, police reported.

Mavor Christian Morris said he was considering imposing a curfew for those under 21-years-old between sunset tonight and sunrise Sunday because of another scheduled football game.

Police reported the trouble apparently broke out when fans were accosted by youthful gangs during the Lima Senior-Toledo State high school football game. At least eight fights between the gangs and fans broke out during the game, won by Lima, 31-0, and three more afterwards according to police.

ing the regular year, Supt. Roy Cashdollar said.

District enrollment is currently 2,811 — a record high and up 43 just from the attendance Tuesday.

At the high school, where the enrollment is 610 — up 41 from last year — classes are being held in the wrestling room, science lab, former language lab and music room. Study halls are being held in the cafeterias.

The public school has few classes under 40, with sessions held in the art room, music room and cafeteria. Two first grades are in one room at West Point.

Calcutta School has almost 600 students, with only one restroom each for boys and girls.

Cashdollar said the high school was built for housing 550 students in four grades, charted by the state. It now houses over 600 in three grades.

Support of the voters and efforts to encourage others to support the levy has been urged by school officials, the board of education, parents and those interested in the educational program.

The issue has been submitted twice before. In May it lost by only some 103 votes. A majority approval is required for passage.

## Crash Hurts Midland Girl

A 15-year-old Midland Heights girl was injured in a two-car mishap in Midland Friday night.

Susan Barney, 15, daughter of Mrs. Delores Barney of 23-A Midland Heights was treated at Rochester General Hospital for an injury to the left hip.

Police said she was a passenger in a car driven by her mother which struck the rear of another auto operated by Charles Hill of New Brighton at 11th and Railroad Sts. at 11:30 p.m.

Mrs. Barney, 35, was examined at the hospital.

A Beaver Falls woman was injured when her 1967 station wagon veered off Route 18 in Hanover Township, struck an embankment, overturned, hit the embankment again and once more rolled over.

Carolyn McCready, 57, was treated at the hospital for abrasions of the left knee and right leg. Pennsylvania state police at Chippewa said the mishap occurred a mile south of Route 30. They said she apparently fell asleep while driving.

# Police Probe Two Beatings

Pennsylvania state police today pressed investigation of the robbery and beating of two New Galliee area men in similar incidents late Friday night and early this morning.

John Haggerty of New Galliee RD 1 and Lawrence D. Hoopengardner, also of New Galliee RD 1, were victims of the beatings. Both live alone.

Haggerty told officers two men entered his home on false pretenses about 11 a.m. One pointed a revolver and demanded the money in his wallet. Then they beat him and left with two rifles and a shotgun from a gun case.

At 4:30 a.m. two men approached Hoopengardner's home, reporting they had auto trouble. He accompanied them to the car, where one of the men pulled out a revolver and ordered him to turn over his wallet.

They kicked him to the ground and beat him, he said. The pair got \$50 from his wallet.

Woman Hurt In Accident

A 23-year-old Aliquippa woman is in "fair" condition at City Hospital with injuries received in one of two accidents on Route 30 east of Chester late last night and early this morning.

Dianne Riley suffered lacerations of both knees, the right elbow and contusions and abrasions of the forehead and face.

She was a passenger in a car driven by Arthur Connor, 38, of Monaca which collided with an auto driven by Howard Powell, 24, of 418 1/2 Broadway, Wells-ville, Friday at 11:48 p.m.

Connor was treated for lacerations of the forehead and right knee and Powell for lacerations of the chin.

The Hancock County sheriff's office said Powell reported he was making a left turn into a service station and did not see the Connor vehicle. Powell was charged with driving left of center.

A 55-year-old Cleveland man escaped injury in an accident on Taylor's Bend today at 12:43 a.m.

William King told deputies he "blacked out" as he was traveling east on Route 30 and his auto crossed over the roadway and struck the guardrail and sign post. He was aroused from his car by a resident of the area. King was charged with failure to have his vehicle under control.

107,000 Vets Due Boost In Disable Benefits In Ohio

M. L. Halloran, manager of the Cleveland Regional Office of the Veterans Administration, said today that the recently enacted legislation which will raise compensation rates for veterans with service-connected disabilities effective Jan. 1, 1969, will mean increases for nearly 107,000 Ohio veterans.

The legislation was signed by President Johnson Aug. 19, provides for increases in basic disability compensation for veterans only, but not on statutory awards or additional compensation for dependents.

Disability compensation for wartime service-connected disability rated totally disabling will be increased from \$300 to \$400 monthly. Other rates of disability compensation will be increased 8 per cent rounded to the nearest dollar. Comparable increases will also be made in peacetime rates.

The increases will be made automatically with no action by the veteran required, Halloran explained. First checks reflecting the increased benefits will be due Feb. 1, 1969.

38 Are Arrested In Lima Rioting After Grid Game

LIMA, Ohio (AP) — A post football game rampage through downtown Lima resulted in the arrest of 38 juveniles Friday night, police reported.

Mayor Christian Morris said he was considering imposing a curfew for those under 21-years-old between sunset tonight and sunrise Sunday because of another scheduled football game.

Police reported the trouble apparently broke out when fans were accosted by youthful gangs during the Lima Senior-Toledo State high school football game.

At least eight fights between the gangs and fans broke out during the game, won by Lima, 31-0, and three more afterwards according to police.

Crash Hurts Midland Girl

A 15-year-old Midland Heights girl was injured in a two-car mishap in Midland Friday night.

Susan Barney, 15, daughter of Mrs. Delores Barney of 23-A Midland Heights was treated at Rochester General Hospital for an injury to the left hip.

Police said she was a passenger in a car driven by her mother which struck the rear of another auto operated by Charles Hill of New Brighton at 11th and Railroad Sts. at 11:30 p.m.

Mrs. Barney, 35, was examined at the hospital.

A Beaver Falls woman was injured when her 1967 station wagon veered off Route 18 in Hanover Township, struck an embankment, overturned, hit the embankment again and once more rolled over.

Carolyn McCready, 57, was treated at the hospital for abrasions of the left knee and right leg. Pennsylvania state police at Chippewa said the mishap occurred a mile south of Route 30. They said she apparently fell asleep while driving.

## Beaver Local Needs Classrooms

Beaver Local School District, well into the crisis stage with overcrowded buildings, goes to the electorate Tuesday for the third time in an appeal for a modest levy to finance a \$485,000 bond issue to construct new classrooms.

One of the fastest growing residential areas in the immediate tri-state area, Beaver Local has for some 15 years been succeeding in a struggle to keep pace with the ever-increasing enrollment of students.

Homeowners know the value of adequate schools to property worth, parents realize the

need for proper learning facilities, few residents can be unaware of the fundamental obligation of a community to underwrite a good education for the young.

The bond issue missed approval by a mere 100 ballots or so last spring, proving the genuine support of the proposal by a large number of voters. The awkward problems which this week revealed in each building certainly should bring the majority vote required to solve those problems which are depriving the young people of their right to full and effective schooling.

## The John F. Kennedy

The newly commissioned aircraft carrier John F. Kennedy may be the last of the big ships to be powered conventionally. Nuclear power is looking more attractive all the time as submarines continue to perform way above expectations.

If the John F. Kennedy is to be the last of its kind it is a fitting vessel to be carrying the farewell flag.

IT IS ENORMOUS—almost beyond belief. It is longer than the Empire State Building is tall. The flight deck would have room for 68 tennis courts or four football fields.

It can be best described as a floating city. It has a chapel, bakery, complete dental and medical facilities, electric generating stations, salt-water evaporators to convert brine into drinking water, four steam catapults, a laundry, a large library, television lounges, radio and television broadcast studios, a motion picture theatre, a post office and three ladies' powder rooms.

Addition of the 81,450-ton carrier to the American fleet is another step in maintaining a strong defense position.

PRESIDENT KENNEDY favored conventional power but realized fully the necessity of a strong navy in the defense system. Speaking to a group of officers in June of 1963 he said:

"Just as Admiral Mahan said more than 50 years ago, any country which wishes to protect its security and the security of those allied with it must maintain its position on the sea. And if there is any lesson of the 20th century, and especially of the past few years, it is that in spite of the advances in space and in the air, strategic air, this country must still move easily and safely across the seas of the world."

President Kennedy, who, as a small boy, was inspired by the U.S.S. Constitution in Charlestown, Mass., would have been proud of the carrier that bears his name.

## Russia Expands Influence

The "What-have-you-done-for-me-lately" drawback to the U.S. foreign aid program is demonstrated by a recent deal between a Bogota, Colombia, suburb and the Soviet Union.

The suburb, Ciudad Kennedy, is to receive a \$2.5 million electric trolley-bus system from the Soviet Union.

Agreement on the contract no doubt will smooth the way for approval of a pending \$6-million deal that will send Colombian coffee to the Soviet Union.

CIUDAD KENNEDY grew out of a visit from President John F. Kennedy in 1961 and has received more than \$30 million in U.S. Alliance for Progress loans.

Top level Colombians, including President Carlos Lleras Restrepo, reportedly are upset because the United States Department of Commerce vetoed a proposal that would have increased the amount of textiles Colombia could export to America.

The textile quota hike was rejected on the ba-

sis it would have damaged the U.S. market.

In retaliation, Colombian officials are seeking to foster closer commercial and political relations with Communist countries in general and the Soviet Union in particular.

Naturally, the United States is concerned with expanding Communist influence in South America for obvious reasons.

The liberal grant and loan policy of the United States has been an attempt to raise living standards in South and Central America and a means of blunting Soviet influence.

WITH SOUTH AMERICAN countries like Colombia opening wide the door of welcome to Russia, that portion of the U.S. program designed to keep Russian control at a minimum is a failure.

Significance of the expanding role of the Soviet Union in South America will not be lost on Senate and House members as they debate the fate of this year's foreign aid bill.

## Eye-Opening Comparison

When one compares capitalist or free states with Communist states, one comparison which clearly and graphically favors the former is the number of citizens who choose or feel compelled to flee their homeland.

The capitalist nations win hands down in this comparison.

Most recent example of the mass migration from a Communist state is the current flight of some 20,000 Czechoslovakians to Austria. This number has been registered by Austrian authorities in Vienna alone and more are expected.

THE TRAGIC REALITY of thousands of human beings abandoning their native land, their homes, their friends and leaving behind most of their possessions is not new. For flights from Hungary, North Korea, East Germany and Cuba have made the headlines of the world's newspapers in the past.

But no comparable exodus has occurred from the free nations.

A handful of young men have fled to Canada from the United States to escape military service and a like number have deserted the military services to seek sanctuary in Sweden.

But their numbers are insignificant when compared with the masses who have and still are seeking asylum in free nations from the iron rule of Communist governments.

Just as the United States granted asylum to all the Cubans who could reach our shores, so Austria has told the Czechs that, "Whoever asks for asylum will be given asylum."

MOST OF THE FLEEING CZECHS are intellectuals, technicians, scientists and white-collar workers. Only a few are industrial workers.

Thus the free world stands to gain some of the best brains of the Communist world as a result of Russian oppression.

The flights to freedom tell their own story so vividly and completely that Communist propagandists have been unable to do a thing about them.

## Letters To The Editor

R. V. MCINTOSH  
President,  
Liverpool-Calcutta  
Ruritan Club

To voters of the Beaver Local School District:

On Tuesday, you will be asked to vote for a bond issue to provide approximately \$485,000 for additional rooms for the high school, Public School and West Point School. It will also provide additional rest room facilities for the Calcutta School.

I don't ask that you vote for this bond issue on my recommendation. I only ask that you acquaint yourselves with as many facts as possible about the crowded conditions in the buildings within the school district. The enrollment in the district is up over five per cent this year, and is expected to increase in future years as home construction in the area continues.

Beaver Local is one of eleven school districts in Columbiana County. It is the largest district, in territory, and the third largest in enrollment, with only East Liverpool and Salem having a larger enrollment. Beaver Local is the lowest in total mileage of all the eleven districts, and with passage of the bond issue would still be tenth in the County.

We have a good school district, and it can and will be made better with proper facilities.

One other thing to remember is that not one penny of the income from this bond issue can be spent for operating expenses, nor to provide increased wages for any of the Beaver Local personnel. By law of the State, it can only be spent on the proposed building program. Each year that the building program is delayed means an increase in cost as prices for materials and labor go up. Also, by having a good school system, we keep the value of our property up.

On Tuesday exercise your rights as Americans, especially Americans of the Beaver Local School District, get out and vote, and as you vote think of the children who will benefit by these improvements.

We need these improvements and enlargements in our schools, so please think, and then cast your vote.

ROLAND M. MARSHALL

## Labor Parade Unites Democrats

NEW YORK — If Hubert Horatio Humphrey is political poison none of us in the stands with him during the mammoth Labor Day Parade were aware of it.

Everybody roared for him except the Public Library's big stone lions. Everybody tried to get into the act and the news pictures — old line Democrats and newcomers, Kennedy people and egg-on-the-face McCarthyites, every brand of labor leader and Republicans, too. G.O.P. Senator, now candidate for re-election, Jack Javits, stuck closer to the Vice President than a wilted shirt.

This report is more than the profile of a parade. This is the story of the coming of political age of the "triple H," as they now call Mr. Humphrey. On the holiday morning of Sept. 2, in the hot Labor Day sun, he cut loose on his own. By drawing over half a million spectators he proved what he could do for the Democrats' campaign against Richard Nixon in the big critical cities.

And by putting 148,000 marchers into the hot streets, labor proved what it could do for the campaign. It was a mighty show, costing at least \$550,000. It proved what one city leader, heading one central labor council can do when labor unites. That city labor leader, the electrical workers' Harry Van Arsdale, who with AFL-CIO President George Meany and Louis Stulberg, president of the city's ladies garment workers led the parade, in symbolism noted by very few.

VAN ARSDALE has long been an intimate of Nelson Rockefeller. George Meany is rolling everything on a Humphrey victory by throwing all that labor has on the table. And Lou Stulberg's union is the synthesis of liberalism, which the gloomy Kennedy and McCarthy pros said could not be found in Mr. Humphrey's camp.

There were Rockefeller and Nixon observers in the stands. They noted the cheers from contingents of Negroes, Puerto Ricans, Cubans, Chinese, Italians, Irish, Jews, Poles, needle workers, crane operators, famed theatrical folk and radio and movie stars.

These massed paraders stopped and cheered in front of the Vice President. There were a few "Dump the Hump" signs carried by a few youngsters. But hundreds of International Ladies Garment Workers Union (ILGWU) retirees shouted for "Humphrey" and pledged support.

Then to show that this is his movement, the Vice President called into the mike: "Three cheers for the ILG." Only insiders use these initials for the garment workers.

Though it was early morning, it was "opening night" for the Democratic candidate. He kissed babies. He kissed blondes. He knew a shimmy and a "shoeing the mare" and a "limbo" from

a turkey trot. He called on Norman Sherman, his bantering press aide, to bring over the snake dancing Chinese dragon because "you know those picture fellows..." He glowed as he looked around him and saw what labor could do even in a Republican city. Large photos of AFL-CIO leaders, such as the Negro A. Philip Randolph, the maritime unions' Joe Curran, the seafarers' Paul Hall, the retail-wholesale union's Howard Coughlin, the retail-wholesale union's Max Greenberg, and the stage hands' Dick Walsh, hung high on Fifth Ave. lamp posts.

MR. HUMPHREY WAS SWIFT on the pick up. Once when jestingly I asked him if he were really running for office, some one poked in with "and you'll be elected too." So I turned to George Meany and said, "You'll be elected also, George." And the Vice President, now quite serious, said, "I wish I were as sure as he is."

Hubert Humphrey is running against the odds. He knows it. So do the labor chiefs who have assigned their political director, Al Baran, to work closely with Democratic Party coordinator, Larry O'Brien. In one fashion or another the labor leaders want to repeat this parade, or a reasonable facsimile in another thousand cities.

Never before in history have they put so much so solidly on a presidential candidate. They don't count '64. They figured that was no contest. But this one is — and a tight one. There were labor leaders behind Gen. Eisenhower, Tom Dewey, Wendell Willkie and even Alf Landon and Herbert Hoover. But none has surfaced for Dick Nixon.

HIS PEOPLE HAVE TRIED. Recently they sounded out some of Gov. Rockefeller's labor specialists. Nixon's camp even has close contact with an intimate of John Lindsay's Robert Price. But there are no takers inside labor. Yet labor may well have to "do business with" Richard Nixon for eight years. But for once, they have little or no contact with the man who is odds on to win the presidency.

So they're going for broke. And imaginatively, too. A large garment workers local led by "young" vice-president Shelley Appleton, which has a big Chintse section, distributed 10,000 fortune cookies with a prayer and the following message: "Wise citizens knows that vote for Humphrey is vote for better life."

This is the idea Mr. Humphrey sold some 25 New York State party leaders during a post-parade closed session at the Waldorf-Astoria hotel.

In that suite Monday afternoon were the original Bob Kennedy and McCarthy people. They talked. They discussed the parade, and they decided that "triple H" was not political poison after all.

They fell right into line. Small wonder Hubert Horatio Humphrey loved that parade.

RAYMOND MOLEY

## Logic Prevails

The famous political scientist, Moisei Ostro-gorski, in his book on political parties, records his wonderment after witness the madness that attends one of our political conventions that out of this have come not always great presidents, but honorable presidents.

In explaining what seemed to him a miracle, he quoted the saying: "God takes care of drunkards, little children and the United States of America."

But the destiny that determined the results in Chicago, as at Miami Beach, was man-made.

A majority of delegates who came from the grass roots of America were determined to return to their place of origin and live in measurable peace with their political neighbors. They avoided the charge that they had been overwhelmed by the emotion of the convention. And so they did not violate the conditions under which they earned their credentials.

THEIR SENSE OF LOGIC was not affected by the bizarre conditions which surrounded them in Chicago. They kept their heads and their promises despite polls and propaganda.

One must probe deeply to discover the logical sequence that lay beneath all of the confusion. These delegates and the people at home who selected them were party men. They have determined that their party shall survive even though defeat may be the outcome this year.

And they know that to have ventured a wild experiment such as was suggested by Eugene McCarthy and George McGovern would shatter the party they have served so long and so loyally. With Humphrey as their leader, they can be assured that at least they will be a loyal opposition party.

But on Tuesday night and Wednesday morning of the convention I found my own somewhat worn faith in our political system shaken by the stark cynicism of some of the leaders in Chicago. For some of these leaders, especially such as Jesse Unruh and Michael DiSalle, had apparently decided to disregard all commitments and stamped the convention into nominating Edward Kennedy.

They were not the victims of the emotions which they sought to arise, for they are cold, calculating operators. While they have piously preached — Unruh in his lectures to college students — of the wisdom of the people, they have contempt for true democracy.

They were trying to use a decent young man whose qualifications for president are wholly untried for their own profit and power. For this strength as a candidate would not be what he possesses in his own right. It would be that his name and his blood relationship are symbols related to two great tragedies.

Moreover, with the views he expressed in the last weeks, he would represent the repudiation of the national policies in the war in Vietnam which have been established by the president of the United States.

These leaders, who were attempting to draft Kennedy, would have shattered the unity — such as it is — of their party and Kennedy's party in a voyage on the tides of emotion that his candidacy would produce.

Fortunately, Kennedy saw more clearly than this would-be sponsors the nature of the draft movement and made the decision to stop it. Nothing so commended this young man as that decision.

Only once before have I seen in a national convention such a manifestation of the cynicism of political leaders. It was in 1944 when they induced a dying man to offer himself as a candidate, for none of the leaders who insisted upon Franklin Roosevelt's nomination that year believed he could survive another term in office.

THE EVIDENCE OF THIS was blatantly revealed in the speeches nominating various candidates for vice president. All or most of them emphasized the health and vigor of their favorites. They knew all too well that they were really nominating the man who would succeed Mr. Roosevelt. And the end came as they knew it would.

But despite confusion and the sordid efforts of a few leaders in 1968, a logical choice was made. Hubert Humphrey may or may not be elected but in either case his party will survive.

And so Edward Kennedy will be free to win his way by his own talents and through his own efforts.

In explaining what seemed to him a miracle, he quoted the saying: "God takes care of drunkards, little children and the United States of America."

But the destiny that determined the results in Chicago, as at Miami Beach, was man-made.

A majority of delegates who come from the grass roots of America were determined to return to their place of origin and live in measurable peace with their political neighbors. They avoided the charge that they had been overwhelmed by the emotion of the convention. And so they did not violate the conditions under which they earned their credentials.

THEIR SENSE OF LOGIC was not affected by the bizarre conditions which surrounded them in Chicago. They kept their heads and their promises despite polls and propaganda.

One must probe deeply to discover the logical sequence that lay beneath all of the confusion.

These delegates and the people at home who selected them were party men. They have determined that their party shall survive even though defeat may be the outcome this year.

And they know that to have ventured a wild experiment such as was suggested by Eugene McCarthy and George McGovern would shatter the party they have served so long and so loyally. With Humphrey as their leader, they can be assured that at least they will be a loyal opposition party.

But on Tuesday night and Wednesday morning of the convention I found my own somewhat worn faith in our political system shaken by the stark cynicism of some of the leaders in Chicago. For some of these leaders, especially such as Jesse Unruh and Michael DiSalle, had apparently decided to disregard all commitments and stamped the convention into nominating Edward Kennedy.

They were not the victims of the emotions which they sought to arise, for they are cold, calculating operators. While they have piously preached — Unruh in his lectures to college students — of the wisdom of the people, they have contempt for true democracy.

They were trying to use a decent young man whose qualifications for president are wholly untried for their own profit and power. For this strength as a candidate would not be what he possesses in his own right. It would be that his name and his blood relationship are symbols related to two great tragedies.

Moreover, with the views he expressed in the last weeks, he would represent the repudiation of the national policies in the war in Vietnam which have been established by the president of the United States.

These leaders, who were attempting to draft Kennedy, would have shattered the unity — such as it is — of their party and Kennedy's party in a voyage on the tides of emotion that his candidacy would produce.

Fortunately, Kennedy saw more clearly than his would-be sponsors the nature of the draft movement and made the decision to stop it. Nothing so commended this young man as that decision.

Only once before have I seen in a national convention such a manifestation of the cynicism of political leaders. It was in 1944 when they induced a dying man to offer himself as a candidate, for none of the leaders who insisted upon Franklin Roosevelt's nomination that year believed he could survive another term in office.

THE EVIDENCE OF THIS was blatantly revealed in the speeches nominating various candidates for vice president. All or most of them emphasized the health and vigor of their favorites. They knew all too well that they were really nominating the man who would succeed Mr. Roosevelt. And the end came as they knew it would.

But despite confusion and the sordid efforts of a few leaders in 1968, a logical choice was made. Hubert Humphrey may or may not be elected but in either case his party will survive.

And so Edward Kennedy will be free to win his way by his own talents and through his own efforts.

## A MOMENT OF MEDITATION

"Beware Of False Prophets"

"Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves." Mt. 7:15.

The above words are words spoken by the Lord as he warned against the false teachers that would trouble the disciples. The disciples were in danger of being taught things that were contrary to the truth as Jesus had come to give men. One of the greatest means that the Devil has to lead astray the souls of men is in teaching things that are not according to the truth. This is the reason that Jesus and His disciples repeatedly warned of the danger of just listening to any teacher.

This same warning needs to be sounded to men and women of today. The Devil is still using false teaching to lead people astray from the truth. He realizes that he can pervert the truth and people will listen to him and to his false teachers. In this way

he has led many souls away from God. This is the reason that the Bible is filled with warnings to the people of God, so that they will not just be taken in by every religious teacher who comes along.

If a man is teaching the truth, he will not fear having his doctrine examined. Beware of any man who gets angry when you ask him to show by the Bible that he is teaching the truth on any subject; If he were teaching the truth, he would not get angry but would be happy to show that God has authorized the thing that he teaches. However, if he is teaching falsehood, he has a lot to cover up. He would not be happy to have anyone question his doctrine.

The apostles were not unhappy when they were asked "By what power, or what name, have you done this?" (Acts 4:7). They were happy to reply that they had authority from Jesus Christ.

This was not just an empty claim. They could prove that Christ was with them.

Teachers of today can show that Christ is with them by using the Bible, the word of God, to show that their teaching is the same as God has authorized. The Bible contains all of the truth that mankind needs. (2 Tim. 3:16-17; 2 Pet. 1:3). If a man is teaching the truth as it is revealed in the Bible, he would be happy to just open the Bible and show the verse or verses that authorizes his teaching or practice.

Yes, dear friends, there is much false teaching being done in the world today. This is one of the Devil's favorite weapons. We need to be aware of this and then be ready to test each teacher who comes our way. We test them by the word of God. In this way we will know if we are right with God or if we have been following the way of the Devil. Be sure!

The grant will provide for administration of programs, operation of neighborhood centers and "Head Start" classes.

The programs are all for 12 months, except the "Head Start" project which is for nine months, the OEO said.

The grant will provide for administration and management of staff facilities and equipment of the CAA and neighborhood centers and to offer pre-school training for children of low income families, including medical, dental, sociological and psychological services.

## 2 Contributions Are Authorized By Newell Lions

The Newell Lions Club authorized donations to the West Virginia Sight Conservation Foundation and the East Liverpool Child Counseling Center at its meeting Wednesday night at the home of Harry Messenheimer of Kenilworth Ave.

Other business included committee reports and the naming of Joe Geisse a chairman of the Leo Club project. Nov. 4 was announced as the date selected for the official visit of District Governor William Gates of Morgantown. This will be a "Ladies Night" affair, with the program committee headed by Ronald Eckleberry handling the arrangements.

President James Seever's called a Board of Directors meeting Tuesday night at 7 at his home.

Lawrence Rush was in charge of the arrangements. Lunch was served 17.

Business was conducted by Mrs. Vernon Duke, president. Mrs. Frank Adomitis is in charge of the Johnny Appleseed Fall Festival project, with the group planning a booth, selling apple pies and souvenirs.

For the program, each member told of recent vacations.

The next meeting will be Oct. 3 at 7 p.m. at the E. Pine St. home of Mrs. Adomitis for a trip to Youngstown.

Mrs. Paul Gettling will be the hostess, assisted by Mrs. Raymond Weaver.

Church Group Meets

Members of the Anna Houston Group of the First Christian Church met Thursday afternoon at 1 at Morgan House.

The dessert table was centered with fall flowers and a grape arrangement in a basket flanked by double candelabra holding lighted white tapers.

It was the first program from the new study book "Winds of Change," by Nancy Saenz. It concerns the life of a missionary in Puerto Rico.

Mrs. Raymond Marlatt, president, conducted a short business session. A rummage sale will be held during the Johnny Appleseed Festival Sept. 20 and 21 at democratic headquarters.

The next meeting will be Oct. 3 at Morgan House.

Mrs. Esther DeTemple 424-5965

LISBON — Mrs. Jayne Calhoun was named "Woman of the Year" when the Lisbon Business and Professional Women's Club met Wednesday night at the Wick Hotel.

Mrs. Bernice Robb, personal development chairman, introduced the Rev. Paul T. Gerard of the Lisbon First United Presbyterian Church, who discussed "Inner Beauty."

Mrs. Faye Lewton, president, introduced Mrs. Elaine Griffith, recipient of last year's "Woman of the Year" award, who in turn made the presentation to Mrs. Calhoun.

Mrs. Calhoun, secretary of the Columbiana County Cancer Society, was called "an inspiration to all, in her unselfish efforts, working not only in the Business and Professional Women's Club, but in the community as a whole as well."

A salad smorgasbord was enjoyed by 38 members. The speaker's table was decorated in a harvest theme with a centerpiece of fruits and vegetables. Place settings were marked by miniature flower pots containing sprigs of fruit to which was attached a member's favorite salad recipe.

During business conducted by Mrs. Lewton, the club approved the 1968-69 budget and heard a report by Mrs. Janet Baker, financial chairman on future events and projects including the club's participation in the Johnny Appleseed Fall Festival with a doughnut concessions.

Mrs. Bernice Robb discussed the possibility of a physical fitness class to be directed by Mrs. Neuman of the Salem YMCA. The plan was approved, with further details due later.

Members were reminded of the fall district meeting Oct. 27 at the Caskey Motor Inn, Alliance. Reservations are to be made before Sept. 21 with Mrs. Sonya Rose, treasurer.

The executive board will meet at the home of Mrs. Lewton at 8 p.m. Sept. 25.

The club's next meeting will be Oct. 2 at the Eagles home, with Mrs. Rose and Mrs. Veronica Wolski chairmen. The meeting has been designated "Friendship Night."

Essex Dinner Set

5,600 Expected In Schools Here

An enrollment of more than 5,600 is expected when classes begin Monday in the East Liverpool school district.

Preparations for the opening were completed Friday during a teachers' meeting and reception.

Supt. Paul Blair, in addressing the teachers, pointed out they will be faced with some inconveniences during the changeover to the new educational complex and asked for their cooperation.

"We have a magnificent plant, second to none in the state," he commented.

BLAIR announced that Dr. Martin Essex, Ohio director of education, will be honored at a dinner here the night of Sept. 14 at the new high school building.

It will be a catered event, Blair said.

Essex, who at one time was superintendent of East Liverpool schools, will take part in the open house ceremonies Sept. 15 at the new buildings.

Blair said several requests have been received from residents outside the school district who want to enroll students and

pay tuition. The tuition rate is \$41.75 a month per student, based on the formula determined by the Ohio Department of Education. Blair said the requests will be acted on by the board of education.

THE RECEPTION for the teachers, sponsored by the Education Committee of the East Liverpool Area Chamber of Commerce and the Teachers Association, was held Friday morning at Westgate School.

E. R. Chandler, executive secretary of the Chamber; Leo Lawrence, chairman of the education committee, and Elwin Maloney, Samuel Brown, Collin Neal, Dr. C. M. Mayberry and Blair served coffee and doughnuts to the teachers. The teachers association provided the refreshments. Mrs. Eileen Deayman and Thomas Dixon, principal at Westgate, represented the teachers.

Following the reception, the teachers' meeting was held in the auditorium. Representatives from the Pioneer Insurance Co. and the Blue Cross - Blue Shield insurance group explained the programs adopted by the board of education.

Pottery Union Asks Support For 2 Issues

The International Brotherhood of Operative Potters today threw its support behind two statewide issues on which Ohioans will vote at the Nov. 5 general election — a \$759 million bond issue and property tax exemption for persons 65 or over who occupy their own homes.

"These are two good state issues," the union commented in its official weekly newspaper, The Potters Herald. It explained the proposals have been endorsed by many organizations, including the Ohio AFL - CIO and the Ohio Boards of Real Estate.

A local campaign committee already has been formed to promote the bond issue — so-called Issue No. 1. Gov. James A. Rhodes has promised \$100,000 will be set aside to establish an Ohio Pottery Museum in East Liverpool if the issue is approved.

The Ohio Historical Society has gone on record favoring East Liverpool as the site for the museum and a movement has been launched to utilize as the site the present Post Office building on Broadway, which is scheduled to be vacated when the new facility opens on Dresden Ave.

In brief, the bond issue provides: \$500 million for highways; \$120 million for pollution control and water management; \$100 million for higher education, technical - vocational education and juvenile rehabilitation; \$20 million for parks and recreation; and \$19 million for airports and other state buildings, including police and fire training academies.

For Whom The Bells Toll

We're talking about the school bells which will be ringing out for our young people next week.

As parents we do not need to be reminded of the importance of a good education for our children. We save for their college education; we pay for music lessons; we help them with the new math; we do whatever we are able, to help insure their future success.

Total success, however, it seems to us, depends just as much on the moral and spiritual well-being of a person as does monetary accomplishment.

That's where churches come in. Churches through their church school educational programs help to round out and complete the total education of young people.

What are you doing about the moral and spiritual education of your children? Something to think about! Let us help!

Commission Delays Hearing Job Appeal

To allow time to engage a court stenographer to make a record of the proceedings, the Municipal Civil Service Commission Friday postponed until Wednesday at 3 p.m. a scheduled hearing of an appeal by a discharged school custodian.

The appeal was filed by Wilbur Reese of Campground Rd., Wellsville, who was discharged last November by the Board of Education on grounds of "neglect of duty." He had been employed at Neville School.

The meeting convened yesterday at the commission's City Hall office, but the counsel for the appellant requested a stenographic record, which forced the delay.

Postmasters Get Recognition For Help In Savings

Postmaster Samuel W. Brown of East Liverpool and Postmaster Robert H. Edwards of Chester are among those commended for their leadership and service to the treasury's school savings program.

In a letter to the postmasters, Glen R. Johnson, national director of the U.S. Savings Bonds Division said:

"We once again are counting on your leadership and cooperation for the successful operation of the school savings program in local communities. A large measure of the success of this program is due to the fine service you and your personnel provide."

Johnson also pointed out the recent increases in the interest rates of Savings Bonds and Freedom Shares, noting that Freedom Shares are now available for over-the-counter purchase with Series E Bonds of the same or larger denomination.

Many of the area schools offer school savings — part of the nationwide savings bonds program. Savings stamps in five denominations, from 10 cents to \$5, are on sale at all times in the post office. Principals usually come to the post office. As pupils fill their albums — which are provided free — they exchange them and buy the stamps that the children have requested for U. S. Savings Bonds at their bank.

Commission Delays Hearing Job Appeal

To allow time to engage a court stenographer to make a record of the proceedings, the Municipal Civil Service Commission Friday postponed until Wednesday at 3 p.m. a scheduled hearing of an appeal by a discharged school custodian.

The appeal was filed by Wilbur Reese of Campground Rd., Wellsville, who was discharged last November by the Board of Education on grounds of "neglect of duty." He had been employed at Neville School.

The meeting convened yesterday at the commission's City Hall office, but the counsel for the appellant requested a stenographic record, which forced the delay.

Postmasters Get Recognition For Help In Savings

Postmaster Samuel W. Brown of East Liverpool and Postmaster Robert H. Edwards of Chester are among those commended for their leadership and service to the treasury's school savings program.

In a letter to the postmasters, Glen R. Johnson, national director of the U.S. Savings Bonds Division said:

"We once again are counting on your leadership and cooperation for the successful operation of the school savings program in local communities. A large measure of the success of this program is due to the fine service you and your personnel provide."

Johnson also pointed out the recent increases in the interest rates of Savings Bonds and Freedom Shares, noting that Freedom Shares are now available

able for over-the-counter purchase with Series E Bonds of the same or larger denomination.

Many of the area schools offer school savings — part of the nationwide savings bonds program. Savings stamps in five denominations, from 10 cents to \$5, are on sale at all times in the post office. Principals usually come to the post office. As pupils fill their albums — which are provided free — they exchange them and buy the stamps that the children have requested for U. S. Savings Bonds at their bank.

FOR WHOM THE BELLS TOLL

We're talking about the school bells which will be ringing out for our young people next week.

As parents we do not need to be reminded of the importance of a good education for our children. We save for their college educations; we pay for music lessons; we help them with the new math; we do whatever we are able, to help insure their future success.

Total success, however, it seems to us, depends just as much on the moral and spiritual well-being of a person as does monetary accomplishment.

That's where churches come in. Churches through their church school educational programs help to round out and complete the total education of young people.

What are you doing about the moral and spiritual education of your children? Something to think about! Let us help!

## Western Beaver Readies For Grid Season At Camp In 'Wilds' Of Raccoon Creek Park

Bears at Raccoon Creek State Park! Actually, no, but that's what the coaches at Western Beaver High School told the football players while they attended training camp in the park recently.

The coaches used this threat to curb any wandering around at night — and it worked.

The boys report the only thing they saw was a mouse and a bat — quite a bit smaller than a bear.

to conduct a week-long training camp this year.

The project was a result of a lot of effort of numerous individuals plus several fund contributions.

The idea was presented just two weeks before camp opened. It caught fire immediately, and the planning was on.

BOYS WORKING hard at football practice all day build up tremendous appetites. In fact, one food order included 80 loaves of bread, 31 pounds of hamburger patties, 600 pints of milk, 105 gallons of fruit drink and 45 dozen hotdogs!

Mike Hornick, coach, figured how much each boy would consume, and ordered accordingly. Aside from regular purchases, the camp was supplied by donations of peaches, apples and fresh corn from residents of the district.

Cooking for the 58 players and managers and five coaches was handled for the most part by members of the Athletic Mothers. They traveled to the camp daily and prepared all the meals — except for breakfast.

Breakfast was strictly a "stag" affair. Bill Ondra and Tom Hanner served as chefs (?).

Aside from the cooking chores, mothers also provided approximately 15 dozen cookies — daily, that is.

THE BOYS started the day with a mile run at 6:30 a.m. Showers and breakfast followed with the first practice at 9:30 a.m.

After a break for lunch, the afternoon was spent in more practice. They boys were kept busy until 3, ate dinner at 5 and then more football at 6:30.

After taking an evening shower, they were provided a special treat — usually ice cream.

Lights were turned out at 10. But things were dark usually much earlier unless someone had a flashlight because only a few of the cabins had electricity.

The youths had cabins scattered throughout the area. Communication was difficult, so messages were written on a blackboard in the mess hall. The schedules also were posted in this manner.

Of course, some joker kept slipping in "special" notices, and on Friday the note was "One more, baby."

Showers sometimes proved a problem, with hot water a much needed "commodity." However, the boys enjoyed "roughing it," and hope the workouts will help them in a winning season.

HORNICK SAYS he believes the camp will benefit the team because the players got into the routine of regulated food habits and sleeping. He also says living in the family atmosphere helps to promote better team spirit. The school district covers a wide area, making it difficult for pre-season practice at the school. The camp solved this problem.

During the week the weather was extremely hot, and there was one case of heat exhaustion. But aside from a couple of other minor injuries, all went well.

Parents were invited to visit the camp one evening, and members of the Board of Education were dinner guests on another. The Booster Club and school board provided the needed funds.

As for the bears, it's apparent the Golden Beavers scared them away.

Sophomores Bob Petchel, left; Mike Shannon, center, and Steve Lacey study plays in the rustic atmosphere of a Raccoon Creek cabin.

Volunteer cooks Bill Ondra, left, and Tom Hanner mix a super-size meal of spaghetti for the hungry griders after a day's practice.

The Western Beaver team lines up in position to run through some basic plays with which it hopes to post a winning season.

A thirsty John Tennerelli gets a drink the hard way during a break in scrimmages.

Mrs. Olen Gibson and Tom Hanner pour luncheon drinks for 58 players and five coaches.

For a group of hard-working young football players, visits to the mess hall were welcome highlights of the summer camp day.

**THURSDAY'S RAIN** WAS welcomed by fishermen and hunters as well as area farmers.

With Ohio's squirrel season opening Friday, hunters were glad to see the rain because it meant they could move more quietly through the woods.

To the fishermen, it meant they could catch new supplies of nightcrawlers and it would bring the creeks and streams back up nearer a normal level.

Squirrel hunters had fair success yesterday, although the hunting pressure was not great. More will be in the woods today.

Most hunters say squirrels are cutting heavy on acorns. Many of the hickory trees, a favorite of fox squirrels, do not have any nuts this year. Beech is another favorite, if you can find any trees with mast on them.

Not many squirrels were bagged early yesterday, according to a count made by Ralph Drake, Columbiana County game protector.

There were very few hunters. However, one good note was the fact no complaints were registered from farmers and no cases of trespassing were reported.

Several farmers have commented the squirrels are working heavy in fields of corn. Find a patch of woods along a corn field and you might just hit it right.

**FISHING PRESSURE** has really dropped in the last two or three weeks. The fish have been biting, although most being caught are small.

Fishing should start picking up considerably very shortly. The latter part of September and October are very productive for district streams and lakes.

**BIG GAME HUNT.** Three district men will leave Monday for an extended hunt in Alaska.

John Bevington of Monaca St., Carl Martell of Midland, and Carl Hoyt of Industry RD will board a plane at the Greater Pittsburgh Airport Monday at 9:15 a.m. for the first leg of their journey.

They will land at Anchorage and then journey south to Moose Pad. From there, they will be packed into the mountainous region for their hunt.

All three are on 13 weeks vacation from the Crucible Steel Corp. at Midland and have a 20-day Alaskan hunt book.

They will try for sheep, goat, caribou, moose and grizzly bear.

They have had their outfitter booked for more than six months. Working out of a main camp, they will spend some of their time in advance camps. This will give them an opportunity to cover more territory.

Bevington, an avid bow hunter, expects to leave within a day or two after he returns home for a deer hunting trip in Pennsylvania. He also plans to hunt in New York and possibly West Virginia.

**PERCH DERBY.** Ohio's second annual Lake Erie perch derby will begin Sept. 16 and continue through Oct. 16. Prizes will be awarded during the contest by merchants in the region.

At the conclusion, trophies will be awarded the child under 12 and the non-professional sport-fishing adult catching the largest perch, based on a formula which includes both length and weight.

**ANTLERLESS DEER LICENSES.** County treasurers throughout the state will begin accepting applications for antlerless deer licenses Sept. 16, according to the Pennsylvania County Treasurers' Association.

The Treasurers' Association, in outlining plans for issuance of antlerless deer licenses for the 1968 hunting season, said treasurers will start issuing the licenses on Monday, Nov. 11. Dates for the 1968 antlerless deer season are December 16 and 17.

Each county treasurer decides how applications are to be received and how licenses are to be issued for his own county. The treasurers operate within general rules agreed to by the Treasurers' Association, the Pennsylvania Revenue Department and the Pennsylvania Game Commission.

Procedures for receiving applications and issuing licenses vary from county to county.

Some county treasurers will issue only one antlerless license to a hunter. Other counties will issue more, but in no case will more than six antlerless licenses be sold to any one person when applying for others.

The cost of an antlerless deer license is \$1.15, and can be issued only to a holder of a current resident or non-resident hunting license. If the antlerless license is to be mailed, the remittance should include an additional 10 cents for postage.

**NON-RESIDENTS** may not apply for an antlerless deer license this year before Nov. 16.

Each application for an antlerless deer license must show the 1968-69 hunting license number. Envelopes containing applications should be marked "Antlerless Deer Application."

Application forms are available for any license issuing agent, county treasurer or the Game Commission.

An antlerless deer license is valid only in the county in which it is issued. Only county treasurers are authorized to issue antlerless licenses.

Each county's quota of antlerless licenses was established by the Game Commission in June. Statewide, 482,550 antlerless licenses were authorized for this year. The quota is 37,150 more than last year and an all-time record.

Pennsylvania residents who are members of the armed forces on full-time active duty or who have been honorably discharged within 60 days of the date of application for an antlerless deer license can be accommodated under a law enacted last year. County treasurers may issue licenses to these individuals if the county's quota of antlerless deer licenses has been exhausted. These licenses are available only to individuals who could not anticipate military leave or discharge and file applications for an antlerless license during the regular filing period.

**ANYONE FOR A BUFFALO BURGER?** Buffalo and elk meat will again be available to gourmets this fall through sales of surplus animals at three National Wildlife Refuges, the Interior Department's Bureau of Sport Fisheries and Wildlife has announced. The sale covers 404 buffalo and 306 elk.

At Wichita Mountains Wildlife Refuge, Cache, Okla., 250 buffalo, live or butchered, and 300 elk, butchered animals only, will be sold. A whole buffalo carcass, unfrozen, will sell for \$180, a half carcass, \$90. Freezing adds \$40 to the price of whole animals and \$20 for halves. Live buffalo, long yearling age group mainly, will sell at public auction on November 21. Elk meat will run \$90 for a whole, unfrozen carcass, and \$45 for a half. Frozen meat will cost \$20 more for a whole carcass and \$10 additional for halves.

At Fort Niobrara National Wildlife Refuge near Valentine, Neb., 64 buffalo, live or butchered, and 6 elk, butchered animals only, will be sold. Live buffalo will be generally in the long yearling age group, but a few older animals also may be sold. Live buffalo sales at Fort Niobrara will be by public auction Oct. 22. Buffalo meat at Fort Niobrara, where the animals are considerably larger than those at Wichita Mountains, will sell, unfrozen only, at \$240 for a whole carcass, \$120 for a half, and \$60 for a quarter.

Civic groups, sportsmen's clubs, and similar organizations have preference and nearly always take all the available meat at Fort Niobrara and the National Bison Range, the Bureau of Sport Fisheries and Wildlife reported. Persons wishing additional information on the surplus animal sales should write the Refuge Manager at Wichita Mountains Wildlife Refuge, Cache, Okla., 73527, or Fort Niobrara National Wildlife Refuge, Hidden Timber Route, Valentine, Neb., 69201.

## You And The Law

When "Juvenile Court" is mentioned, many persons conjure up the scene of a wayward youth standing before the judge awaiting punishment. But few persons realize that adults can be brought before this court, or that some juveniles involved with the law may be sent to other courts for their actions.

Generally, the Juvenile Courts of Ohio have exclusive original jurisdiction over those persons under 18 years of age who are traffic offenders, are delinquent, dependent or neglected, or are under 21 years of age and are dependent, crippled or otherwise physically handicapped.

IT HAS jurisdiction to determine the custody of a child not a ward of another court and determines the paternity of any child alleged to have been born out of wedlock and provides for its support.

The law provides for establishment of a Juvenile Court within the framework of the Probate Court of each county, unless a separate Juvenile or Domestic Relations Court is set up. In some counties, the Juvenile Court is a part of the Common Pleas Court.

A child does not have to

be "bad" to be affected by the Juvenile Court. Custody of children in a divorce action may fall to the court. A child may be made a ward of the court; his care is provided for by the court in cases where officials feel that he is not getting proper care or treatment.

THE PHILOSOPHY of the Juvenile Court has been often stated as investing the court with the power and duty of doing for a child what the parents should have done, or failed to do.

Not all juvenile offenders are brought before this court for final action. Where the situation demands, the Juvenile Court judge may decide that a juvenile must be dealt with as an adult. He then would be bound over to a grand jury.

Frequently this is reserved for a murder or otherwise heinous crime or wanton violation of other laws, but can include any act that would be a felony if committed by an adult.

The court has original jurisdiction to determine those cases charging adults in certain specified offenses. These include contributing to the delinquency of a minor, abandonment and neglect.

## Barbs

If you're worrying constantly about bills, perhaps you've

been buying things on the lay-away plan.

The greatest aid to the television repairman is the fellow who tries to fix his own set.

Some youngsters think that the phrase, "to raise children," means that dad should increase their allowance.

Wouldn't it be nice to get paid by the hour, all day long?

Spoil the hot - rod and you may spare a child's life.

The only trouble with time payments is the little bit of

Our neighbor says you can't tire his boy with yard work - he refuses to do it.

## The Younger Set

Ho-hum, summer's over, and most area high school and many college students have begun classes. They've noticed many changes in their schools (especially East Liverpool) and studies—and their Younger Set correspondents! For instance, Becky Liberatore of Midland's Lincoln High is the lone 1967-68 correspondent remaining on this year's active staff. Patty Wyche, a senior at East Liverpool who contributed to this column last year, remains on as an adviser. She was replaced by Pam Price. Martha Molnar, South Side, Judy Huston of Southern, and Millie Carter of Ohio Valley Business College make up the present staff. Needed are dedicated correspondents from Beaver Local, Wellsville, Oak Glen, Western Beaver, East Palestine, Stanton Local, Kent State and the School of Nursing. Anyone interested? Contact either Patty or The Review. As reporters are added, their names will be announced. And now here's a look at what's happening so far...

**CONFUSING DAY AT OVBS!** — For those new students attending Business College here, things were a little frantic during the first few days. Going from one class to another, they met teachers and received outlines of their subjects... GIRL TROUBLE? — The rumor is going around that there are more guys attending this fall... Well, just to clear that up — it's really the gals who outnumber... right Bob, Chuck, Ken...?

THE "INDIANS" are on the warpath at Southern. They opened the 1968-69 football season against the Lisbon "Blue Devils," Friday night. Cheerleaders are Sally Thorne and Sue Corbin, seniors; Julie McCord, Chris Wilson and Donna Smith, juniors; and Bonnie Excell, sophomore. Leading the band are co-head majorettes Cheryl Ralston and Sandi Maher, seniors. Other majorettes are Patti Hayes and Donna Fields, seniors, and Marsha Pisarsky and Barbara Hogue, sophomore... Hemlines at Southern are the same as last year — some up and some down. The "new" style of ruffles is not too much in evidence except around some of the collars and sleeves...

FIRST DAY — The new seniors of Midland High, who are supposed to set an example for the underclassmen, seemed to be the only class that didn't go all out on the first day. The girls at Lincoln seem to prefer the big bulky tie or buckle shoes. Some however, were seen wearing the black patent leather little girl styles. The hemlines are still short even though the new school dress code says one inch above the knee... FRENCH CLASS — Somehow the French II and French III students ended up in the same room at the same time. Mrs. Patty Weber calmly separated them and began asking questions. Some students found it quite hard to conjugate after a long hot summer... PHYSICS CLASS — Would you believe that out of a senior class of about 76, only five have decided to attempt Physics...

FAREWELL. Andrea Akins will attend Villa Marie High School this year. She will be replaced as a reserve cheerleader by Peggy Hoffman.

SPIRITED TIGER. Wellsville High School corridors were decorated with banners and signs in preparation for last night's football game. They were prepared by Charlie Cross — everybody's friend — the cheerleaders and other students. The team, despite a year without gridding, is ready to make a season of it.

SOUTH SIDE students are geared up for tonight's pigskin premier. Welcome to new student Chuck Gillespie, a junior, who is on the football team.

**THURSDAY'S RAIN** WAS welcomed by fishermen and hunters as well as area farmers. With Ohio's squirrel season opening Friday, hunters were glad to see the rain because it meant they could move more quietly through the woods. To the fishermen, it meant they could catch new supplies of nightcrawlers and it would bring the creeks and streams back up nearer a normal level.

Squirrel hunters had fair success yesterday, although the hunting pressure was not great. More will be in the woods today.

Most hunters say squirrels are cutting heavy on acorns. Many of the hickory trees, a favorite of fox squirrels, do not have any nuts this year. Beech is another favorite, if you can find any trees with mast on them.

Not many squirrels were bagged early yesterday, according to a count made by Ralph Drake, Columbiana County game protector.

There were very few hunters. However, one good note was the fact no complaints were registered from farmers and no cases of trespassing were reported.

Several farmers have commented the squirrels are working heavy in fields of corn. Find a patch of woods along a corn field and you might just hit it right.

**FISHING PRESSURE** has really dropped in the last two or three weeks. The fish have been biting, although most being caught are small.

Fishing should start picking up considerably very shortly. The latter part of September and October are very productive for district streams and lakes.

**BIG GAME HUNT.** Three district men will leave Monday for an extended hunt in Alaska.

John Bevington of Monaca St., Carl Martell of Midland, and Carl Hoyt of Industry RD will board a plane at the Greater Pittsburgh Airport Monday at 9:15 a.m. for the first leg of their journey.

They will land at Anchorage and then journey south to Moose Pad. From there, they will be packed into the mountainous region for their hunt.

All three are on 13 weeks vacation from the Crucible Steel Corp. at Midland and have a 20-day Alaskan hunt book.

They will try for sheep, goat, caribou, moose and grizzly bear.

They have had their outfitter booked for more than six months. Working out of a main camp, they will spend some of their time in advance camps. This will give them an opportunity to cover more territory.

Bevington, an avid bow hunter, expects to leave within a day or two after he returns home for a deer hunting trip in Pennsylvania. He also plans to hunt in New York and possibly West Virginia.

**PERCH DERBY.** Ohio's second annual Lake Erie perch derby will begin Sept. 16 and continue through Oct. 16.

Prizes will be awarded during the contest by merchants in the region.

At the conclusion, trophies will be awarded the child under 12 and the non-professional sport-fishing adult catching the largest perch, based on a formula which includes both length and weight.

**ANTLERLESS DEER LICENSES.** County treasurers throughout the state will begin accepting applications for antlerless deer licenses Sept. 16, according to the Pennsylvania County Treasurers' Association.

The Treasurers' Association, in outlining plans for issuance of antlerless deer licenses for the 1968 hunting season, said treasurers will start issuing the licenses on Monday, Nov. 11. Dates for the 1968 antlerless deer season are December 16 and 17.

Each county treasurer decides how applications are to be received and how licenses are to be issued for his own county. The treasurers operate within general rules agreed to by the Treasurers' Association, the Pennsylvania Revenue Department and the Pennsylvania Game Commission.

Procedures for receiving applications and issuing licenses vary from county to county.

Some county treasurers will issue only one antlerless license to a hunter. Other counties will issue more, but in no case will more than six antlerless licenses be sold to any one person when applying for others.

The cost of an antlerless deer license is \$1.15, and can be issued only to a holder of a current resident or non-resident hunting license. If the antlerless license is to be mailed, the remittance should include an additional 10 cents for postage.

**NON-RESIDENTS** may not apply for an antlerless deer license this year before Nov. 16.

Each application for an antlerless deer license must show the 1968-69 hunting license number. Envelopes containing applications should be marked "Antlerless Deer Application."

Application forms are available for any license issuing agent, county treasurer or the Game Commission.

An antlerless deer license is valid only in the county in which it is issued. Only county treasurers are authorized to issue antlerless licenses.

Each county's quota of antlerless licenses was established by the Game Commission in June. Statewide, 482,550 antlerless licenses were authorized for this year. The quota is 37,150 more than last year and an all-time record.

Pennsylvania residents who are members of the armed forces on full-time active duty or who have been honorably discharged within 60 days of the date of application for an antlerless deer license can be accommodated under a law enacted last year. County treasurers may issue licenses to these individuals if the county's quota of antlerless deer licenses has been exhausted. These licenses are available only to individuals who could not anticipate military leave or discharge and file applications for an antlerless license during the regular filing period.

**ANYONE FOR A BUFFALOBURGER?** Buffalo and elk meat will again be available to gourmets this fall through sales of surplus animals at three National Wildlife Refuges, the Interior Department's Bureau of Sport Fisheries and Wildlife has announced. The sale covers 404 buffalo and 306 elk.

At Wichita Mountains Wildlife Refuge, Cache, Okla., 250 buffalo, live or butchered, and 300 elk, butchered animals only, will be sold. A whole buffalo carcass, unfrozen, will sell for \$180, a half carcass, \$90. Freezing adds \$40 to the price of whole animals and \$20 for halves. Live buffalo, long yearling age group mainly, will sell at public auction on November 21. Elk meat will run \$90 for a whole, unfrozen carcass, and \$45 for a half. Frozen meat will cost \$20 more for a whole carcass and \$10 additional for halves.

At Fort Niobrara National Wildlife Refuge near Valentine, Neb., 64 buffalo, live or butchered, and 6 elk, butchered animals only, will be sold. Live buffalo will be generally in the long yearling age group, but a few older animals also may be sold. Live buffalo sales at Fort Niobrara will be by public auction Oct. 22. Buffalo meat at Fort Niobrara, where the animals are considerably larger than those at Wichita Mountains, will sell, unfrozen only, at \$240 for a whole carcass, \$120 for a half, and \$60 for a quarter.

Civic groups, sportsmen's clubs, and similar organizations have preference and nearly always take all the available meat at Fort Niobrara and the National Bison Range, the Bureau of Sport Fisheries and Wildlife reported.

Persons wishing additional information on the surplus animal sales should write the Refuge Manager at Wichita Mountains Wildlife Refuge, Cache, Okla., 73527, or Fort Niobrara National Wildlife Refuge, Hidden Timber Route, Valentine, Neb., 69201.

## You And The Law

When "Juvenile Court" is mentioned, many persons conjure up the scene of a wayward youth standing before the judge awaiting punishment. But few persons realize that adults can be brought before this court, or that some juveniles involved with the law may be sent to other courts for their actions.

Generally, the Juvenile Courts of Ohio have exclusive original jurisdiction over those persons under 18 years of age who are traffic offenders, are delinquent, dependent or neglected, or are under 21 years of age and are dependent, crippled or otherwise physically handicapped.

**IT HAS** jurisdiction to determine the custody of a child not a ward of another court and determines the paternity of any child alleged to have been born out of wedlock and provides for its support.

The law provides for establishment of a Juvenile Court within the framework of the Probate Court of each county, unless a separate Juvenile or Domestic Relations Court is set up. In some counties, the Juvenile Court is a part of the Common Pleas Court.

A child does not have to

be "bad" to be affected by the Juvenile Court. Custody of children in a divorce action may fall to the court. A child may be made a ward of the court; his care is provided for by the court in cases where officials feel that he is not getting proper care or treatment.

**THE PHILOSOPHY** of the Juvenile Court has been often stated as investing the court with the power and duty of doing for a child what the parents should have done, or failed to do.

Not all juvenile offenders are brought before this court for final action. Where the situation demands, the Juvenile Court judge may decide that a juvenile must be dealt with as an adult. He then would be bound over to a grand jury.

Frequently this is reserved for a murder or otherwise heinous crime or wanton violation of other laws, but can include any act that would be a felony if committed by an adult.

The court has original jurisdiction to determine those cases charging adults in certain specified offenses. These include contributing to the delinquency of a minor, abandonment and neglect.

## Gregg's Late Score Puts Clippers Over Beavers

Beaver Local, leading 12-6 at halftime, was bottled up in the second half and fell 18-12 to Columbiana in the opener for both teams at Beaver Local last night.

Gary Gregg scored on a three-yard quarterback sneak with 1:30 to go to break a 12-12 tie and give the Clippers the win. The Beavers came back to drive to the Columbiana 20 as time ran out.

Dick Bryan's team disdained the air routes, attempting only one pass, which failed. But the Beavers rolled up 233 yards rushing, with Jim Bowersock gaining 83 yards in 16 carries and Dan Myers 50 in 12 tries.

Beaver Local took the opening kickoff and marched 63 yards in eight plays, with Myers scoring on a 12-yard run. The Clippers came right back, going 56 yards in eight plays, with Gary Schmidt scoring to tie the game.

In the second period, a personal foul on a fourth down play kept a Beaver drive alive, and Bruce Diddle scored on a 10-yard run with two minutes left in the half to cap a 55-yard march.

Columbiana took the second half kickoff and marched 65 yards, with a 15-yard pass from Gregg to Dave McGuckin tying the score. An attempted kick failed, but the Beavers couldn't stop a final 60-yard march by the Clippers.

The win for Columbiana was its first under new coach George Morris. McGuckin, a linebacker, was the top defender for the Clippers, while tackle Dick Sacks starred on defense for the Beavers.

## Midland Blanks W. Beaver

By JOHN MUELLER

The Midland Leopards spoiled the home opener for Western Beaver's Golden Beavers by registering a 20-0 win at the Midland stadium last night.

Western Beaver's offense was in high gear throughout the first half as they managed to stymie the Leopards' attack, but the Beavers could not manage to hit pay dirt.

Intercepted passes, passes that just failed to hit and a stout Leopard defense at the opportune times foiled the Golden Beavers' chances for any chance to score.

"Bub" Bynum broke the hearts of Western Beaver and its fans as he ripped off two dazzling runs. The first was a 32-yard jaunt with an intercepted pass in the opening seconds of the second quarter and his second was a sparkling 65-yard run midway in the third period.

Bynum's first TD was possibly the turning point as the advantage took some of the sting out of the Golden Beavers' attack and buoyed the hopes of the Leopards to hold out until their attack could get going.

The first half, with the exception of Bynum's TD, was all Western Beaver. The final two periods was just the reverse as the Leopards' attack started to jell.

Western took the opening kickoff and marched to the Leopard 47. Jackie Campbell intercepted a John Petchel third down pass on the Midland 29 to stop the threat.

Midland's attack failed to materialize and they were forced to kick. Western could do no better but Bill Ondra's punt was fumbled by Howard Leary and the Golden Beavers' Gary Gibson pounced on the ball at the Midland 16. Western, with the aid of a five-yard holding penalty, managed a first and goal on the Midland five. Four tries at the line and the Leopards hid to take over on the one.

Midland was forced to punt and Greg Braun's kick rolled dead on the Western 47 as the first period ended.

Petchel's second down pass, 45 seconds into the second period, was picked off by Bynum on the Midland 48 and the fleet back outraced the Beavers for the first Midland TD. The PAT

was missed and Midland led 6-0.

Western threatened again about midway through the period when John Tennenelli broke over right guard and into the clear. He raced to the Midland 20, where he was caught from behind on a diving tackle by Frank Johnson. A third down pass went off the finger tips of Phil Lacey in the end zone and a fourth down flare pass was stopped at the Midland 15 to end the Golden Beavers' threat.

The Golden Beavers' attack that looked presentable in the first half did an about face in the second half. They made one serious threat following Midland's second TD and were stopped by a fumble at the Midland 19.

The Leopards struck suddenly midway in the third period for their second TD. After an exchange of kicks the Leopards had the ball on the Midland 33. Leary, the Leopards workhorse, picked up two yards on the first play of the series. Campbell pitched out to Bynum on the next play and he was off down the sideline for a 65-yard TD run.

The Leopards scored their third TD early in the fourth period as the result of a 81-yard drive following Leary's recovery of a Golden Beaver fumble.

A 22-yard run by Campbell started the Leopards moving. Leary picked up 15 yards on the next play and then added three as the third period ended.

A pass in the flat to Leary that covered 31 yards put the Leopards in scoring position on the Western nine. A one-yard loss and a five-yard offside penalty set the Leopards back to the 15. Campbell went to the seven on a keeper, then lost two trying the same play on the opposite side. Roy Walker, on fourth down, worked the end-round play to perfection and went in standing up for the score. Leary added the PAT on a run and Midland led 20-0 with 9:10 left to play.

Western took to the air and it almost proved costly as the Leopards made two interceptions and turned them both into threats.

Campbell intercepted on the Western 43 and returned to the 28. The Midland threat died on

## Cleveland West Falls In Opener

BY TURK PIERCE  
Review Sports Editor

The three new starters in the East Liverpool High backfield debuted auspiciously last night at Patterson Field as the Potters opened the 1968 season with a 36-6 whipping of Cleveland West.

Quarterback Dan Cunningham completed 10 of 17 passes for 289 yards and three TDs; Tom Chambers scored twice, rushed for 24 yards and caught two passes for 89 yards, and Nelson (Sonny) Clark rushed for 46 yards, scored two TDs, and a conversion, caught two passes for 89 yards and passed for another conversion.

The holdover member of the backfield, captain Jim Musuraca, didn't do badly either. He rushed for 41 yards, scored once, and grabbed three passes for 50 yards.

Despite the large margin of the final score and the 424 yards gained, the Potters looked ragged, as is often the case in opening games. Cleveland West used a six-man line and frequently blitzed with their linebackers, which bottled up the Potter running attack, but left the Cowboys vulnerable to the long bomb. And Cunningham bombed them, with five completions of 37 yards or more.

The Cowboys dominated the second period, gaining four of their six first downs then and 113 yards of their total of 169. In addition, East Liverpool was hit with 70 yards of penalties in the stanza. The officials, who resembled a group of school-children playing "drop the hanky" during the quarter, also hit West with 46 yards in penalties.

Potter coach Bob McNea was not enthusiastic about the win, though he had high praise for Cunningham. "We won on skill, not blocking," he noted, indicating that the team would work on fundamentals next week. Aside from a bruised shoulder suffered by Chambers, there were no significant injuries.

EAST LIVERPOOL scored the first time it had the ball, after West could not move with the opening kickoff. On third and nine from his own 48 Cunningham hit Chambers, the flanker-back, in the clear on the 18. Chambers was 10 yards in the clear, but had to wait a bit for the pass, but still found his way among the defenders into the end zone. Split End Jerry Christian had gone out into the same zone as Chambers, taking the defenders to him.

A pass from Cunningham to John Johnson for the conversion was apparently good, but nullified by a penalty.

Neither team could move the ball until late in the period when the Potters took over on the Cowboy 40 following a punt and scored in six plays. Musuraca ripped off 19 yards to start the drive and eventually scored on a one-yard plunge. Cunningham kept to register the conversion.

Following the kickoff Cleveland West started to move, and aided by two key penalties got to the 11 with a third-and-one play. But two straight illegal procedure penalties for the center touching the ball and then removing his hand from it ended the threat.

On the following series of downs East Liverpool was really plagued by penalties. Cunningham, trapped, got away for 24 yards to the Cowboys 44, but a clipping penalty set the ball back to the Potter 15. Cunningham hit Musuraca for 14 yards and then hit him again on the 40, from where Big Jim slithered his way through half the West team into the end zone. But clipping was detected again, as three flags hit the ground, and an extra 15 yards was tacked on for something said from the Potter bench, so the ball wound up back on the 15 again. Then a 10-yard run by

Clark was nullified by an offside, and finally, after Floyd (Bub) Cranston made 11 yards on a pitchout, Chambers punted to the Potter 48.

A GRABBING the face-mask penalty set the Cowboys back to their 40, but John McMillan then connected on a screen pass to Joe Redaelli, who broke free and traveled all the way to the six before being caught from behind. More flags flew, and the referee signaled an illegal receiver downfield, but then changed his mind and allowed the play to stand, explaining that the player in question was a legal receiver. Rich Allison went off guard to score on the next play. Clark intercepted the extra point try, but the margin remained only 14-6 at halftime.

The Potters looked much smoother in the second half. The second time they had the ball Cunningham hit Christian with a 43-yard pass and McMillan, the last defender, stopped the tail end at the Cowboy 16. But a fourth-down sweep by Clark was just short and West took over.

The Cowboys were in a hole, and Chambers returned the punt 10 yards to the 33. After Cunningham kept for four yards, Chambers went off tackle and quickly broke into the clear and scored.

The Potters had the ball on their own 49 following a punt early in the last period. Cunningham threw to Clark, who made a leaping catch while tightrope the sidelines on the 35, and Johnson blocked the last man to spring Clark free for the TD.

CLARK CATCH. Nelson (Sonny) Clark grabs a pass from Dan Cunningham for a two-point conversion for East Liverpool against Cleveland West at Patterson Field last night.

## Bears Fall 13-6

NEWELL — Oak Glen dropped its second game of the young football season last night, falling 13-6 to Fairmont East here.

The Golden Bears of Alton Hoover led 6-0 at halftime, but could get no closer to scoring than the 22-yard-line, late in the game, in the second half.

The Oak Glen touchdown came after Gary Masters recovered a fumble on the OG 30. The drive was highlighted by a 38-yard draw play by Steve Staley and Craig Whittington scored the TD on a seven-yard run.

In the third period Dennis Preston intercepted a Whittington pass on the Oak Glen 36 and returned it to the 7, with Rob Boram scoring on a two yard run on the third play after that. Bob Drummond's kick put Fairmont ahead 7-6. In the

## Southern Routs Lisbon; Rose, Nedelkoff Star

LISBON — Dick Rose tallied five touchdowns and quarterback Ralph Nedelkoff threaded the needle for five touchdown passes as Southern Local opened the season with a bang by routing Lisbon, 40-16, here Friday night. The victory also marked the successful debut of Jerry Winstead, the Indians new head coach.

Rose was on the receiving end of four Nedelkoff passes while Frank Francis took the other touchdown toss. The fifth touchdown by Rose came on a four yard run. All told, Rose accounted for 34 points, adding a pair of two-point conversions.

Southern scored early, as with only three minutes gone in the game Nedelkoff wound up for his first touchdown throw and hit Francis on a play covering 31 yards.

Southern went in front 16-0 on a Nedelkoff-to-Rose pass covering 45 yards. Lisbon fought back for a touchdown with Rob Pike going over from four yards out but before the half ended, Rose went four yards to give Southern a 22-6 margin.

The Nedelkoff and Rose combination struck for two touchdowns in the third period on plays covering 46 and 69 yards. The final Southern touchdown came in the fourth quarter with the same pair accounting for a 29-yard play.

Lisbon scored its second touchdown in the final period

Cunningham Passes For 289 Yards, Potters Win 36-6

SATURDAY, SEPT. 7, 1968 EAST LIVERPOOL REVIEW PAGE 10

FLYING FISHER. Tom Fisher (64) of Cleveland West leaves his feet in an attempt to block for Rick Allison (23). Jim (Moose) Jones (75) and an unidentified Potter close in on Allison. East Liverpool won 36-6.

Gregg's Late Score Puts Clippers Over Beavers

Beaver Local, leading 12-6 at halftime, was bottled up in the second half and fell 18-12 to Columbiana in the opener for both teams at Beaver Local last night.

Gary Gregg scored on a three-yard quarterback sneak with 1:30 to go to break a 12-12 tie and give the Clippers the win. The Beavers came back to drive to the Columbiana 20 as time ran out.

Dick Bryan's team disdained the air routes, attempting only one pass, which failed. But the Beavers rolled up 233 yards rushing, with Jim Bowersock gaining 83 yards in 16 carries and Dan Myers 50 in 12 tries.

Beaver Local took the opening kickoff and marched 63 yards in eight plays, with Myers scoring on a 12-yard run. The Clippers came right back, going 56 yards in eight plays, with Gary Schmidt scoring to tie the game.

In the second period, a personal foul on a fourth down play kept a Beaver drive alive, and Bruce Diddle scored on a 10-yard run with two minutes left in the half to cap a 55-yard march.

Columbiana took the second half kickoff and marched 65 yards, with a 15-yard pass from Gregg to Dave McGuckin tying the score. An attempted kick failed, but the Beavers couldn't stop a final 60-yard march by the Clippers.

The win for Columbiana was its first under new coach George Morris. McGuckin, a linebacker, was the top defender for the Clippers, while tackle Dick Sacs starred on defense for the Beavers.

Midland Blanks W. Beaver

By JOHN MUELLER

The Midland Leopards spoiled the home opener for Western Beaver's Golden Beavers by registering a 20-0 win at the Midland stadium last night.

Western Beaver's offense was in high gear throughout the first half as they managed to outpace the Leopards' attack, but the Beavers could not manage to hit pay dirt.

Intercepted passes, passes that failed to hit and a stout Leopard defense at the opportune times foiled the Golden Beavers' chances for any chance to score.

"Bub" Bynum broke the hearts of Western Beaver and its fans as he ripped off two dazzling runs. The first was a 52-yard jaunt with an intercepted pass in the opening seconds of the second quarter and his second was a sparkling 65-yard run midway in the third period.

Bynum's first TD was possibly the turning point as the advantage took some of the sting out of the Golden Beavers' attack and buoyed the hopes of the Leopards to hold out until their attack could get going.

The first half, with the exception of Bynum's TD, was all Western Beaver. The final two periods was just the reverse as the Leopards' attack started to jell.

Western took the opening kickoff and marched to the Leopard 47. Jackie Campbell intercepted a John Petchel third down pass on the Midland 29 to stop the threat.

Midland's attack failed to materialize and they were forced to kick. Western could do no better but Bill Ondra's punt was fumbled by Howard Leak and the Golden Beavers' Gary Gibson pounced on the ball at the Midland 16. Western, with the aid of a five-yard holding penalty, managed a first and goal on the Midland five. Four tries at the line and the Leopards hid to take over on the one.

Midland was forced to punt and Greg Braund's kick rolled dead on the Western 47 as the first period ended.

Petchel's second down pass, 45 seconds into the second period, was picked off by Bynum on the Midland 48 and the fleet back outraced the Beavers for the first Midland TD. The PAT

was missed and Midland led 6-0.

Western threatened again about midway through the period when John Tennerelli broke over right guard and into the clear. He raced to the Midland 20, where he was caught from behind on a diving tackle by Frank Johnson. A third down pass went off the finger tips of Phil Lacey in the end zone and a fourth down flare pass was stopped at the Midland 15 to end the Golden Beavers' threat.

The Golden Beavers' attack that looked presentable in the first half did an about face in the second half. They made one serious threat following Midland's second TD and were stopped by a fumble at the Midland 19.

The Leopards struck suddenly midway in the third period for their second TD. After an exchange of kicks the Leopards had the ball on the Midland 33. Leak, the Leopards workhorse, picked up two yards on the first play of the series. Campbell pitched out to Bynum on the next play and he was off down the sideline for a 65-yard TD run.

The Leopards scored their third TD early in the fourth period as the result of a 81-yard drive following Leak's recovery of a Golden Beaver fumble.

A 22-yard run by Campbell started the Leopards moving. Leak picked up 15 yards on the next play and then added three as the third period ended.

A pass in the flat to Leak that covered 31 yards put the Leopards in scoring position on the Western nine. A one-yard loss and a five yard offside penalty set the Leopards back to the 15. Campbell went to the seven on a keeper, then lost two trying the same play on the opposite side. Roy Walker, on fourth down, worked the end-round play to perfection and went in standing up for the score. Leak added the PAT on a run and Midland led 20-0 with 9:10 left to play.

Western took to the air and it almost proved costly as the Leopards made two interceptions and turned them both into threats.

Campbell intercepted on the Western 43 and returned to the 28. The Midland threat died on

Cleveland West Falls In Opener

BY TURK PIERCE  
Review Sports Editor

The three new starters in the East Liverpool High backfield debuted auspiciously last night at Patterson Field as the Potters opened the 1968 season with a 36-6 whipping of Cleveland West.

Quarterback Dan Cunningham completed 10 of 17 passes for 289 yards and three TDs; Tom Chambers scored twice, rushed for 24 yards and caught two passes for 89 yards, and Nelson (Sonny) Clark rushed for 46 yards, scored two TDs, and a conversion, caught two passes for 89 yards and passed for another conversion.

The holdover member of the backfield, captain Jim Musuraca, didn't do badly either. He rushed for 41 yards, scored once, and grabbed three passes for 50 yards.

Despite the large margin of the final score and the 424 yards gained, the Potters looked ragged, as is often the case in opening games. Cleveland West used a six-man line and frequently blitzed with their linebackers, which bottled up the Potter running attack, but left the Cowboys vulnerable to the long bomb. And Cunningham bombed them, with five completions of 37 yards or more.

The Cowboys dominated the second period, gaining four of their six first downs then and 113 yards of their total of 169. In addition, East Liverpool was hit with 70 yards of penalties in the stanza. The officials, who resembled a group of schoolchildren playing "drop the hanky" during the quarter, also hit West with 46 yards in penalties.

Potter coach Bob McNea was not enthusiastic about the win, though he had high praise for Cunningham. "We won on skill, not blocking," he noted, indicating that the team would work on fundamentals next week. Aside from a bruised shoulder suffered by Chambers, there were no significant injuries.

EAST LIVERPOOL scored the first time it had the ball, after West could not move with the opening kickoff. On third and nine from his own 48 Cunningham hit Chambers, the flanker-back, in the clear on the 18. Chambers was 10 yards in the clear, but had to wait a bit for the pass, but still found his way among the defenders into the end zone. Split End Jerry Christian had gone out into the same zone as Chambers, taking the defenders to him.

A pass from Cunningham to John Johnson for the conversion was apparently good, but nullified by a penalty.

Neither team could move the ball until late in the period when the Potters took over on the Cowboy 40 following a punt and scored in six plays. Musuraca ripped off 19 yards to start the drive and eventually scored on a one-yard plunge. Cunningham kept to register the conversion.

Following the kickoff Cleveland West started to move, and aided by two key penalties got to the 11 with a third-and-one play. But two straight illegal procedure penalties for the center touching the ball and then removing his hand from it ended the threat.

On the following series of downs East Liverpool was really plagued by penalties. Cunningham, trapped, got away for 24 yards to the Cowboys 44, but a clipping penalty set the ball back to the Potter 15. Cunningham hit Musuraca for 14 yards and then hit him again on the 40, from where Big Jim slithered his way through half the West team into the end zone. But clipping was detected again, as three flags hit the ground, and an extra 15 yards was tacked on for something said from the Potter bench, so the ball wound up back on the 15 again. Then a 10-yard run by

Clark was nullified by an offside, and finally, after Floyd (Bub) Cranston made 11 yards on a pitchout, Chambers punted to the Potter 48.

A GRABBING the face-mask penalty set the Cowboys back to their 40, but John McMillan then connected on a screen pass to Joe Redaelli, who broke free and traveled all the way to the six before being caught from behind. More flags flew, and the referee signaled an illegal receiver downfield, but then changed his mind and allowed the play to stand, explaining that the player in question was a legal receiver. Rich Allison went off guard to score on the next play. Clark intercepted the extra point try, but the margin remained only 14-6 at halftime.

The Potters looked much smoother in the second half. The second time they had the ball Cunningham hit Christian with a 43-yard pass and McMillan, the last defender, stopped the fall end at the Cowboy 16. But a fourth-down sweep by Clark was just short and West took over.

The Cowboys were in a hole, and Chambers returned the punt 10 yards to the 33. After Cunningham kept for four yards, Chambers went off tackle and quickly broke into the clear and scored.

The Potters had the ball on their own 49 following a punt early in the last period. Cunningham threw to Clark, who made a leaping catch while tripping the sidelines on the 35, and Johnson blocked the last man to spring Clark free for the TD.

THE NEXT TIME East Liverpool got the ball, on their own 24 following a punt, Cunningham hit Chambers for 37 yards and the new halfback, an end last season, would have gone all the way but the last defender tripped him. On the next play Cunningham hit Clark, all alone at the 10, for 38 yards and the final TD.

Of the near-sellout crowd, Jim Cannon won the Blue and White Nonpareil Club sponsored drawing for the game football.

Fairmont East Rallies, Hands Oak Glen 2nd Loss

NEWELL — Oak Glen dropped its second game of the young football season last night, falling 13-6 to Fairmont East here.

The Golden Bears of Alan Hoover led 6-0 at halftime, but could get no closer to scoring than the 22-yard-line, late in the game, in the second half.

The Oak Glen touchdown came after Gary Masters recovered a fumble on the OG 30. The drive was highlighted by a 38-yard draw play by Steve Staley and Craig Whittington scored the TD on a seven-yard run.

In the third period Dennis Preston intercepted a Whittington pass on the Oak Glen 36 and returned it to the 7, with Rob Boram scoring on a two yard run on the third play after that. Bob Drummond's kick put Fairmont ahead 7-6. In the

Southern Routs Lisbon; Rose, Nedelkoff Star

LISBON — Dick Rose tallied five touchdowns and quarterback Ralph Nedelkoff threaded the needle for five touchdown passes as Southern Local opened the season with a bang by routing Lisbon, 40-16, here Friday night. The victory also marked the successful debut of Jerry Winstead, the Indians new head coach.

Rose was on the receiving end of four Nedelkoff passes while Frank Francis took the other touchdown toss. The fifth touchdown by Rose came on a four yard run. All told, Rose accounted for 34 points, adding a pair of two-point conversions.

Southern scored early, as with only three minutes gone in the game Nedelkoff wound up for his first touchdown throw and hit Francis on a play covering 31 yards.

Southern went in front 16-0 on a Nedelkoff-to-Rose pass covering 45 yards. Lisbon fought back for a touchdown with Rob Pike going over from four yards out but before the half ended, Rose went four yards to give Southern a 22-0 margin.

The Nedelkoff and Rose combination struck for two touchdowns in the third period on plays covering 46 and 69 yards.

The final Southern touchdown came in the fourth quarter with the same pair accounting for a 29-yard play.

Lisbon scored its second touchdown in the final period

# Bulldogs Spoil Wellsville Opener With 33-0 Win

## E. Palestine Rolls After 0-0 First

WELLSVILLE — The return of football to Wellsville after a year's absence was a sad occasion for Tiger fans as East Palestine won handily 33-0 last night at Wellsville.

After a scoreless first period, Bill Offenbacher's Bulldogs began to penetrate the Wellsville defense and five different players scored TDs.

Steve Betz recovered a fumble on the Wellsville 19 to stop one East Palestine thrust, but the next time the Bulldogs got the ball Tim Blythe connected on a 24-yard pass to Joe Lewis to start the scoring. Larry Rutloff added the extra point, the first of three he was to kick.

Cliff Nash scored again before the half ended, but Denny Russell blocked Rutloff's kick attempt. Dean Hutchison scored in the third period for the Bulldogs, and in the last period two bad breaks for Wellsville led to EP scores. Paul Martin intercepted a pass on the 15 and ran it out to the 27, but Wellsville was forced to punt and a bad center pass ended up on the two yard line, from where the Brown - and - White scored in

two plays on a sneak by Bob Dickey.

With 12 seconds to go in the game, Rich Cozza intercepted a lateral in the Wellsville backfield and went 33 yards to close the scoring.

Howard Gilger's charges will try again next week when Lisbon invades.

## Horton Drives In 5

## McLain Captures 28th Over Twins

By HERSCHEL NISSESON

Associated Press Sports Writer  
William Wattison Horton wants to be known as just plain Willie, but he's just plain murder to the rest of the American League.

The slugging outfielder continued to play a sweet tune with the bat Friday night, belting a double and his 32nd homer and driving in five runs as the Tigers walloped Minnesota 8-3 for Denny McLain's 28th triumph and boosted their league lead over Baltimore to nine games.

Horton was to have appeared in a Detroit court Thursday to have his name legally changed from William to Willie, but asked for a postponement because the team had a long trip from Oakland.

Elsewhere in the AL, Baltimore bowed to the Chicago White Sox 3-2 on Buffy Bradford's 11th-inning homer, rookie Andy Messersmith fired a two-hitter in his first major league start as California blanked Boston 4-0 and John "Blue Moon" Odom shut out Cleveland for the third time this season in pitching Oakland to a 7-0 victory over the Indians. Washington at New York was rained out.

Horton capped a four-run first inning against Jim Kaat with a three-run homer and doubled two more runs across in the seventh, bringing his RBI total to 78.

With that kind of support McLain had little trouble becoming the first American

League pitcher in 24 years to win 28 games. He has lost five.

While the Tigers were winning their fourth straight game, the faltering Orioles were losing for the seventh time in 10 starts. Detroit's magic number to clinch its first pennant since 1945 is 12.

Bradford hadn't homered since July 1, when he cracked two. Ironically, those also came in Baltimore and helped the Sox to a 6-3 win.

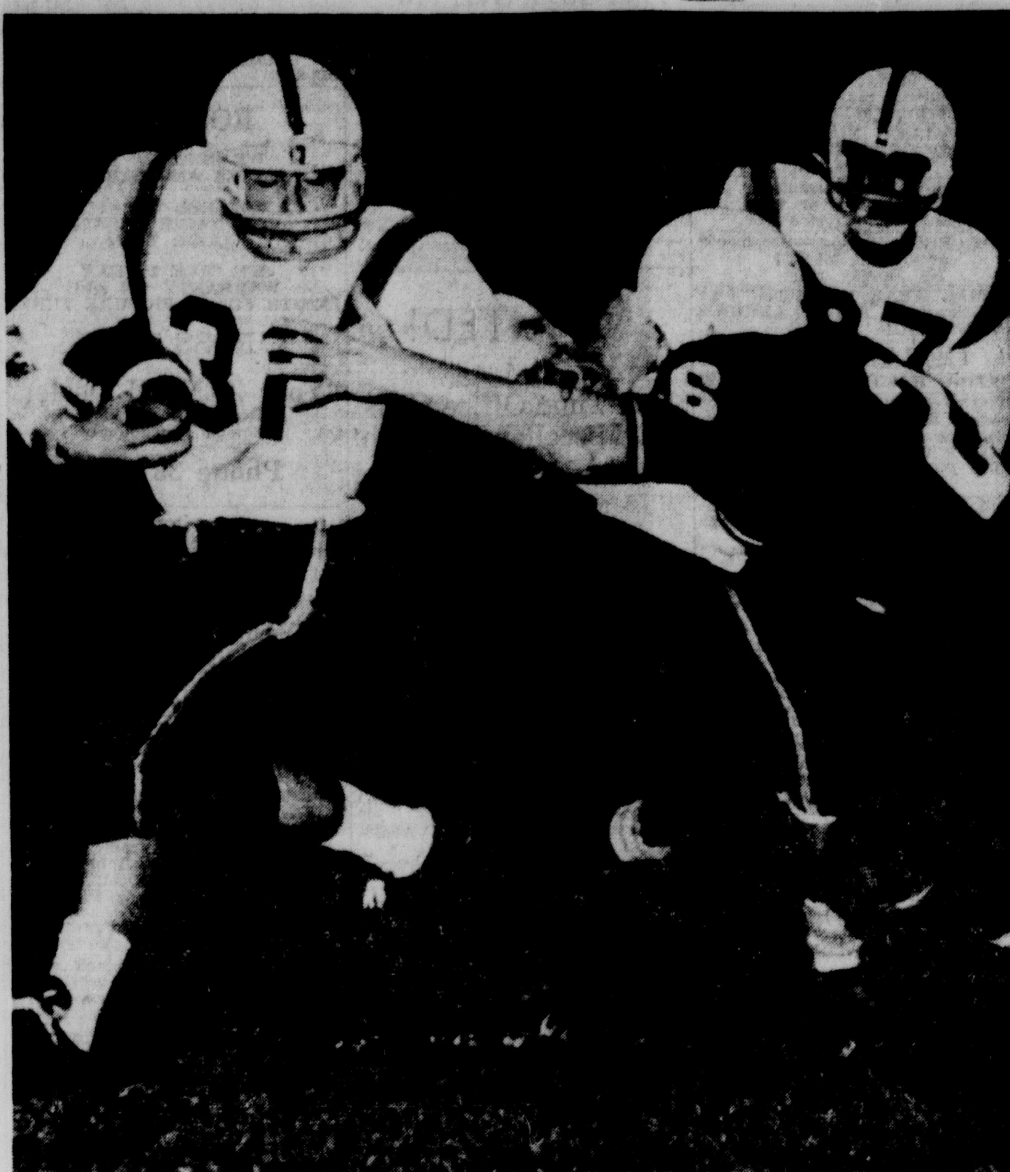

Gerry McNertney and Pete Ward also had solo homers for Chicago before Bradford led off the 11th with an opposite-field shot over the right field fence off Pete Richert.

Messersmith, a 23-year-old right-hander, pitched hitless ball for 6 1-3 innings against the Red Sox before Joe Foy blooped a single to center. The other hit was Mike Andrews' two-out single in the eighth.

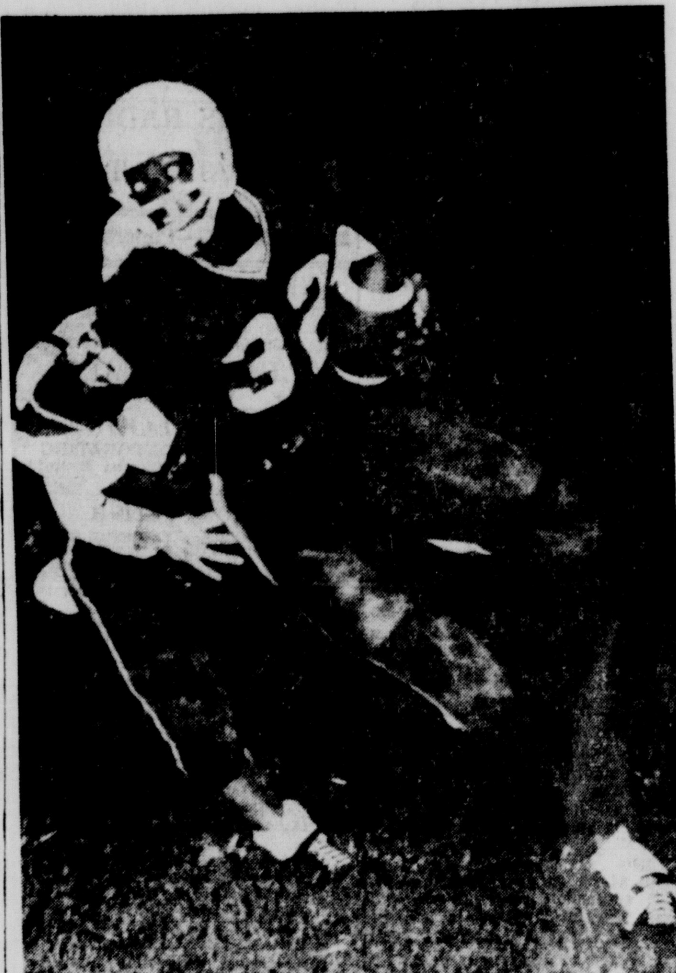

Roger Repoz gave Messersmith some working room with a two-run single in the third. Messersmith, who started the season in the minors, had made 24 appearances in relief.

Oakland led Cleveland 1-0 after six innings on Joe Keough's run-scoring single in the second. But the A's jumped on the Indians' bullpen after starter Stan Williams left for a pinch hitter and wrapped it up with four runs in the seventh, including Dick Green's fourth homer, and two more in the eighth.

Odom fired a six-hitter for his 14th victory.

STEVE BETZ of Wellsville (31) attempts to get away from an East Palestine tackler. The Bulldogs won at Wellsville 33-0 last night.

LEWIS LUNGE, Joe Lewis of East Palestine picks up yardage in the first period at Wellsville last night.

## Casey-Trombitas Deadly Combo

## Leetonia Gains 457, Swamps United 46-6

LEETONIA — Leetonia, behind the passing of Ed Casey, the running of Ken DiCross and the receiving of Tim Trombitas, swamped United 46-6 in the opener for both teams here last night.

Casey completed 10 of 22 passes for 197 yards and four TDs, three to Trombitas, who grabbed a total of six passes for 161 yards. DiCross rushed for two scores and gained 179 yards as Leetonia gained 457 yards overall to 119 by the Golden Eagles.

A 55-yard pass from Casey to Trombitas set up the first Leetonia score, with the same duo clicking for 23 yards and the TD. Ron Souls ran for a touchdown, and the Casey to Trombitas combo recorded two more, sandwiched around United's lone score, by Mike Syx. The final TD of the half was set up by an interception by John Bloor. The final score came after

Dennis Sposetta blocked a punt. Coach Richard Hartzell substituted liberally in the final period, which was scoreless.

Keep the champagne on ice, boys. The party's going to be a bit delayed.

St. Louis' pennant countdown was at nine and holding today after the Cardinals dropped both ends of a doubleheader to pursuing San Francisco Friday night.

The Giants beat Bob Gibson 3-2 in the opener and then Juan Marichal won his 25th game in the nightcap, hanging on for an 8-7 decision.

The sweep left the Giants 11½ games behind St. Louis and the Cardinals' magic number remained at nine for clinching a second straight National League flag.

Elsewhere in the NL Friday, Los Angeles swept a doubleheader from Cincinnati 6-4 and

8-6. Atlanta pounded Houston 7-1, Pittsburgh shaded New York 2-1 and Philadelphia topped Chicago 5-2.

Frank Linzy saved both victories against the Cards, rescuing Bob Bolin in the first game and Marichal in the nightcap.

Jesus Alou singled one run across and Jack Hiatt doubled for another as the Giants hopped on Gibson for a pair of runs in the fourth. Singles by Jim Hart and Hal Lanier produced the deciding run in the sixth.

It was only the second loss for Gibson, 20-7, in his last 20 starts and snapped his latest shutout string at two games and 22 innings.

The Dodgers came from behind twice to sweep the Reds.

## Player Rated Favorite In World Series

By HAL PARIS

Associated Press Sports Writer  
AKRON, Ohio (AP) — The four players who won professional golf's major tournaments set out today in quest of the World Series of golf championship and its \$50,000 jackpot.

There was no clearcut favorite in a field made up of Masters champion Bob Goaly, U.S. Open king Lee Trevino, British Open winner Gary Player and PGA titlist Julius Boros.

The oddsmakers rated Player, the popular South African who won this event in 1965, as a slight choice.

But sentiment rode with the veteran Boros, who competed in the 1963 Series and finished second behind Jack Nicklaus.

Nicklaus, who has captured three of the previous six Series, including last year's title, failed to qualify for only the second time.

## Stanton Wins 36-28 Over Hopedale Comets

HOPEDALE — A bad snap from center allowed Hopedale to take a 6-0 lead early in the contest but Stanton Local rebounded for a 36-28 opening victory over the Comets here Friday night.

Hopedale took over on the Stanton four - yard line and scored when Doug Rapp went the remaining distance for 6-0 before Gene Banks added the two - point conversion.

Stanton struck back when Dave Olesky threw a 25-yard scoring pass to Jack Byers in the first quarter. Stanton missed the conversion try but went on to score three times in the second period. Byers went over from the one, then Keith Reese scored from the three. Before Olesky raced 13 yards for another second period touchdown, Hopedale's Gene Banks scored on a 22-yard jaunt.

Stanton led 28-14 at halftime and added its final touchdown in the third quarter on a five-yard run by Olesky.

Hopedale staged a brief rally

in the fourth quarter to register two touchdowns as Conrad Banks went nine yards and Gene Banks 13.

## Chargers Top New Bengals As AFL Opens

SAN DIEGO (AP) — San Diego Charger quarterback John Hadl said he didn't throw the ball well, was off in his timing and made a lot of mistakes. Teammate Dick Post said he felt sluggish.

Sound as if the Chargers lost? Post darted for 140 yards Friday night, more than the entire Cincinnati Bengals' backfield, and Hadl completed 20 of 37 passes for 325 yards as the Chargers pulled away in the second half for a 29-13 triumph over the fledgling Bengals.

It was the American Football

League opener for both teams and the Bengals started out the way they did in beating the AFL's New York Jets and Pittsburgh Steelers of the NFL in exhibition games.

Paul Robinson capped a 72-yard march in eight plays with a three-yard burst for the first score of the AFL season. It put the underdog Bengals ahead 7-0 before Hadl, Post and Co., took over.

"My timing was off in the first half," said Hadl. "We just didn't click."

But the 19 second half points, and the Chargers' 554 total yards gained, attest to San Diego's superiority. The Bengals gained less than half the Chargers' total—226 yards.

Post was the leading rusher with an average of 3.8 yards per carry.

Bulldogs Spoil Wellsville Opener With 33-0 Win

E. Palestine Rolls After 0-0 First

WELLSVILLE — The return of football to Wells-ville after a year's absence was a sad occasion for Tiger fans as East Palestine won handily 33-0 last night at Wellsville.

After a scoreless first period, Bill Offenbacher's Bulldogs began to penetrate the Wellsville defense and five different players scored TDs.

Steve Betz recovered a fumble on the Wellsville 19 to stop one East Palestine thrust, but the next time the Bulldogs got the ball Tim Blythe connected on a 24-yard pass to Joe Lewis to start the scoring. Larry Rutloff added the extra point, the first of three he was to kick.

Cliff Nash scored again before the half ended, but Denny Russell blocked Rutloff's kick attempt. Dean Hutchison scored in the third period for the Bulldogs, and in the last period two bad breaks for Wellsville led to EP scores. Paul Martin intercepted a pass on the 15 and ran it out to the 27, but Wellsville was forced to punt and a bad center pass ended up on the two yard line, from where the Brown - and - White scored in two plays on a sneak by Bob Dickey.

With 12 seconds to go in the game, Rich Cozza intercepted a lateral in the Wellsville backfield and went 33 yards to close the scoring.

Howard Gilger's charges will try again next week when Lisbon invades.

Horton Drives In 5

McLain Captures 28th Over Twins

By HERSCHEL NISSENSON  
Associated Press Sports Writer

William Wattison Horton wants to be known as just plain Willie, but he's just plain murder to the rest of the American League.

The slugging outfielder continued to play a sweet tune with the bat Friday night, belting a double and his 32nd homer and driving in five runs as the Tigers walloped Minnesota 8-3 for Denny McLain's 28th triumph and boosted their league lead over Baltimore to nine games.

Horton was to have appeared in a Detroit court Thursday to have his name legally changed from William to Willie, but asked for a postponement because the team had a long trip from Oakland.

Elsewhere in the AL, Baltimore bowed to the Chicago White Sox 3-2 on Buffy Bradford's 11th-inning homer, rookie Andy Messersmith fired a two-hitter in his first major league start as California blanked Boston 4-0 and John "Blue Moon" Odom shut out Cleveland for the third time this season in pitching Oakland to a 7-0 victory over the Indians. Washington at New York was rained out.

Horton capped a four-run first inning against Jim Kaat with a three-run homer and doubled two more runs across in the seventh, bringing his RBI total to 78.

With that kind of support McLain had little trouble becoming the first American

League pitcher in 24 years to win 28 games. He has lost five.

While the Tigers were winning their fourth straight game, the faltering Orioles were losing for the seventh time in 10 starts. Detroit's magic number to clinch its first pennant since 1945 is 12.

Bradford hadn't homered since July 1, when he cracked two. Ironically, those also came in Baltimore and helped the Sox to a 6-3 win.

Gerry McNertney and Pete Ward also had solo homers for Chicago before Bradford led off the 11th with an opposite-field shot over the right field fence off Pete Richert.

Messersmith, a 23-year-old right-hander, pitched hitless ball for 6 1-3 innings against the Red Sox before Joe Foy blooped a single to center. The other hit was Mike Andrews' two-out single in the eighth.

Roger Repoz gave Messersmith some working room with a two-run single in the third. Messersmith, who started the season in the minors, had made 24 appearances in relief.

Oakland led Cleveland 1-0 after six innings on Joe Keough's run-scoring single in the second. But the A's jumped on the Indians' bullpen after starter Stan Williams left for a pinch hitter and wrapped it up with four runs in the seventh, including Dick Green's fourth homer, and two more in the eighth.

Odom fired a six-hitter for his 14th victory.

LEETONIA — Leetonia, behind the passing of Ed Casey, the running of Ken DiCross and the receiving of Tim Trombitas, swamped United 46-6 in the opener for both teams here last night.

Casey completed 10 of 22 passes for 197 yards and four TDs, three to Trombitas, who grabbed a total of six passes for 161 yards. DiCross rushed for two scores and gained 179 yards as Leetonia gained 457 yards overall to 119 by the Golden Eagles.

A 55-yard pass from Casey to Trombitas set up the first Leetonia score, with the same duo clicking for 23 yards and the TD. Ron Souls ran for a touchdown, and the Casey to Trombitas combo recorded two more, sandwiched around United's lone score, by Mike Syx. The final TD of the half was set up by an interception by John Bloor. The final score came after

Dennis Sposetta blocked a punt. Coach Richard Hartzell substituted liberally in the final period, which was scoreless.

Junior Editors Quiz on EAGLES

QUESTION: How did the eagle become our national emblem?

ANSWER: The eagle is notable for its mastery of flight, keenness of vision and great strength. Since early times, eagles have been used to symbolize courage, dignity, loftiness of purpose. When the young nation of the U.S.A. decided it needed an impressive symbol, William Barton of Philadelphia suggested an eagle. His first design for a Great Seal incorporating the eagle was not approved by Congress. However, on June 20, 1782, Congress adopted Barton's revised design of a bald eagle with outspread wings, a shield on its breast, an olive branch in one foot and a sheaf of 13 arrows in the other. Soon, the bald eagle had become accepted as the symbol of the U.S.A. Benjamin Franklin objected to the eagle idea, suggesting that the wild turkey, found only in the New World, would be more typical. But the Founding Fathers wanted a symbol which would stand for something lofty, like the purpose of the bold new nation. The turkey was too matter-of-fact, too down-to-earth. So the eagle idea won out, and soon American eagles began to be used everywhere, such as on top of the mirror in our picture.

# Did He Murder White Policeman?

## Jury Continues To Sift Evidence In Newton Trial

By HAROLD V. STREETER  
Associated Press Writer  
OAKLAND, Calif. (AP) — Huey Newton's jury extended to a third day today its search for an answer to the question: Did the Black Panther founder murder the white policeman who stopped him in a car Oct. 28 in a Negro neighborhood?

After a day and a half of hearing the trial transcript read about the gunfire that killed officer John Frey, the seven women and five men closeted themselves for five hours of deliberation Friday, then recessed until today.

The jury, whose foreman is the only Negro member, has a choice of first-degree murder, second-degree murder, voluntary manslaughter or acquittal in Frey's death.

It also must decide if the wounding of officer Herbert

Heanes in the same shooting was attempted murder.

Out of earshot of the jurors, another of the controversies which have marked the eight-week trial raged Friday.

It centered on whether a key prosecution witness, Negro bus driver Henry Grier, said he got a clear view of Newton's face at the time of the shooting.

Grier's statement to police, given an hour and a half after the 5 a.m. shooting, was the first evidence the jury asked to be read.

Friday, with the jury excused, Newton's attorney Charles Garry argued that Grier actually told police he didn't get a clear view of Newton's face. But, said Garry, the transcript erroneously quoted him as saying he did.

Superior Court Judge Monroe Friedman turned down Garry's motion to have the trial record changed. Friedman said, Garry himself had introduced the transcript and had not challenged the wording then.

Later, in a floor below the courtroom, Garry's co-counsel, Edward Keating, brought in a tape recording. He said he had made it earlier in the day in the district attorney's office from the actual police recording of what Grier said.

Playing it repeatedly for newsmen, Keating said Grier used the word "didn't." Keating said the judge's ruling proved that a Negro could not get a fair trial in Oakland and that the alleged error would be the basis for seeking a reversal on appeal.

**Wallace Cancels His Wheeling Appearance**

WHEELING — Third party presidential candidate George C. Wallace has canceled a scheduled appearance here next week.

Wallace had planned to stop in Wheeling for an afternoon speech before traveling to Charleston.

But a Wallace aide, Judge C. B. Sykes, said Friday the runways at Ohio County Airport were too short to accommodate the candidate's plane.

**Union's Leaders Plan Session For October**

The International Brotherhood of Operative Potters said today its executive board, comprised of the 12 top officers, will launch its fall meeting Oct. 15 at 10 a. m. at the Allegheny Motor Inn, near Greater Pittsburgh Airport.

E. L. Wheatley, international president, will be in charge. The board is comprised of Wheatley; George Barbaree, secretary - treasurer, and 10 vice presidents.

The IBOP said the board's meeting is expected to continue through Oct. 17.

## Hancock-Brooke Unit Holds A Busy Session

The Hancock - Brooke County Mental Health Society had a busy session during its meeting Thursday night at Weirton General Hospital.

Mrs. Audrey Littman presided.

The resignation of Mrs. Howard Wright as corresponding secretary was accepted and Mrs. M. R. Marsh was named to the office.

John L. Sullivan, ways and means chairman, reported the success of the society's \$6,000 fund drive which is held annually for the support of the health service program.

The increased work of the service was reviewed by Mrs. E. M. Clubb Jr., a member of the board of directors.

Mrs. Littman announced committee chairmen for 1968-69. They are: Mrs. Joseph Bagnoni and Mrs. Albert Logston, telephone; Miss Isabelle Hinton, auditing and finance; John L. Sullivan, ways and means; Dr. Ray S. Greco, expansion and development; Dr. Eli Weller, legislation; Dr. William Harmon, constitution and by-laws; Mrs. Clubb and Mrs. Albert Logston, representatives to the mental health service board of directors; Mrs. Lowell Austin, speakers bureau, and Mrs. Sullivan, program.

Miss Marlene McCracken and Bruce Patalao, VISTA representatives for the West Virginia Department of Mental Health, were guests.

They announced a demonstration project for preparing patients who are to be discharged from Weston State Hospital for return to their homes and communities. The project will begin Sept. 15 when 15 discharged patients from the five - county Northern Panhandle will begin residence on a six week trial basis at rooms at Ronney's Point, Wheeling. The facility will be under the supervision of the state and volunteer assistance and contributions from area individuals and organizations will be requested to assist with the care of patients.

Mrs. Sullivan introduced Mr. and Mrs. Dominic J. Potts who discussed "The Emotional Legal Problem Syndrome." Potts, a Steubenville attorney, and Mrs. Potts, psychiatric social worker for the Jefferson County Guidance Center and Mental Health Clinic, described and illustrated the interrelated characteristics and symptoms of legal problems as precipitated and manifested by emotional problems.

The next meeting of the society will be Oct. 3 at the Weirton hospital.

## Doctor Renamed To Clinic Board

LISBON — The Columbiana County commissioners Thursday reappointed Dr. F. R. Crowgey, Salem physician, to a three year term on the County Tuberculosis Clinic board of trustees.

Other members of the board are Felix Butch of Lisbon, chairman, and James Sigler of East Liverpool, secretary. All serve without pay.

The Columbiana Motor Co. received a contract to furnish a 1968 Chevrolet four - door sedan for the county auditor's office on a low bid of \$2,292, counting trade-in of an old car. Lou Kramer, county sealer of weights and measures, will use the new vehicle. The only other bid was \$2,300 from Parker Chevrolet of Salem.

Commissioners employed Bruce Brothers of Columbiana as night clerk in County Southwest Court here at \$325 a month. The city of Wellsville was paid \$31 for 62 stray dogs destroyed during August.

## Pre-Natal Talks To Be Conducted During October

LISBON — A series of pre-natal classes will be held at the Hannah E. Mullins School of Practical Nursing in Salem under sponsorship of the County Health Department and the Salem City Health Department. Classes will be offered as follows:

Oct. 7 — "How Your Baby Grows Before Birth;" film presentation and basic reproductive physiology.

Oct. 14 — "Your Way of Life" and "Nutritional Needs;" discussion of the body changes and nutrition. Mrs. Ann Reidel of the Columbiana County Extension Office, who is a trained home economist, will give an hour lecture on food values.

Oct. 21 — "Preparation for Labor and Delivery;" nurses will lecture.

Oct. 28 — "Formula Preparation, Bathing Baby, Normal Growth and Development;" Miss Mary Wolford, supervisor of obstetrics, Salem Central Clinic, will demonstrate baby's bath.

Classes end with a tour of the facilities at either or both hospitals depending upon the parents' desire.

All classes will start at 7 p.m. and run to 9 p.m. Registration may be made at the Salem Health Department.

Dr. Merle K. Singer, county health commissioner, pointed out that husbands are especially invited to join in the last meeting.

## Senate Approves \$19 Billion Bill, Slap At Johnson

WASHINGTON (AP) — The Senate has passed a \$19-billion money bill containing a slap at President Johnson and big increases over sums voted by the House for antipoverty, education and health programs.

The measure was sent to conference with the House which passed a \$17.2 billion version June 26.

The Senate considered about \$1.1 billion of budget requests from President Johnson in connection with the bill which were not before the House. This accounted for a large part of the Senate boosts over the House totals.

The final Senate figure still was \$300 million below Johnson's requests for the agencies covered by the bill—chiefly the Health, Education, and Welfare and the Labor departments and the Office of Economic Opportunity which administers the antipoverty program.

The Senate took a slap at the President by voting to require the spending of \$91 million in

impacted areas school funds despite his decision not to do so.

This is the program started during the Korean War to reimburse school districts for expenses involved when their populations become swollen by federal installations in their areas. Some 4,300 districts across the country are affected.

## New York Girl Wins Miss Teen-Ager Title

PALISADES PARK, N.J. (AP) — A pretty black-haired senior at Great Neck South Senior High School won the title of Miss American Teen-Ager at Palisades Amusement Park here Friday night.

Pageant officials said Fran Garten, 17, won over 52 other national finalists to take the ninth annual competition.

Runners up included Debbie Buden, 16, Parma, Ohio.

## Mullins Party Set

## Doctor Renamed To Clinic Board

LISBON — The Columbiana County commissioners Thursday reappointed Dr. F. R. Crowley, Salem physician, to a three year term on the County Tuberculosis Clinic board of trustees.

Other members of the board are Felix Butch of Lisbon, chairman, and James Sigler of East Liverpool, secretary. All serve without pay.

The Columbiana Motor Co. received a contract to furnish a 1968 Chevrolet four-door sedan for the county auditor's office on a low bid of \$2,292, counting trade-in of an old car. Lou Kramer, county sealer of weights and measures, will use the new vehicle. The only other bid was \$2,300 from Parker Chevrolet of Salem.

Commissioners employed Bruce Brothers of Columbiana as night clerk in County Southwest Court here at \$325 a month. The city of Wellsville was paid \$31 for 62 stray dogs destroyed during August.

Astronomers report that two or three stars, which seem to condense out of globules of dust, are born each year in the Milky Way.

Miss Marlene McCracken and Bruce Patalaio, VISTA representatives for the West Virginia Department of Mental Health, were guests.

They announced a demonstration project for preparing patients who are to be discharged from Weston State Hospital for return to their homes and communities. The project will begin Sept. 15 when 15 discharged patients from the five-county Northern Panhandle will begin residence on a six week trial basis at rooms at Ronney's Point, Wheeling. The facility will be under the supervision of the state and volunteer assistance and contributions from area individuals and organizations will be requested to assist with the care of patients.

Mrs. Sullivan introduced Mr. and Mrs. Dominic J. Potts who discussed "The Emotional Legal Problem Syndrome." Potts, a Steubenville attorney, and Mrs. Potts, psychiatric social worker for the Jefferson County Guidance Center and Mental Health Clinic, described and illustrated the interrelated characteristics and symptoms of legal problems as precipitated and manifested by emotional problems.

The next meeting of the society will be Oct. 3 at the Weirton hospital.

## Senate Approves \$19 Billion Bill, Slap At Johnson

WASHINGTON (AP) — The Senate has passed a \$19-billion money bill containing a slap at President Johnson and big increases over sums voted by the House for antipoverty, education and health programs.

The measure was sent to conference with the House which passed a \$17.2 billion version June 26.

The Senate considered about \$1.1 billion of budget requests from President Johnson in connection with the bill which were not before the House. This accounted for a large part of the Senate boosts over the House totals.

The final Senate figure still was \$300 million below Johnson's requests for the agencies covered by the bill—chiefly the Health, Education, and Welfare and the Labor departments and the Office of Economic Opportunity which administers the antipoverty program.

The Senate took a slap at the President by voting to require the spending of \$91 million in

impacted areas school funds despite his decision not to do so.

This is the program started during the Korean War to reimburse school districts for expenses involved when their populations become swollen by federal installations in their areas. Some 4,300 districts across the country are affected.
